A WORLD WHEAT POOL DISCUSSED

National Control Necessary,
Says Hon. J. A. Maharg
Australian Representative to
Visit Canada

Regina, Feb. 22.—A world-wide co-operative wheat marketing organization could be feasible only provided each country participating in such a scheme had national control of its own wheat crop, in the opinion of Hon. J. A. Maharg, president of the Saskatchewan Grain Growers' Association. A statement to this effect was made by Mr. Maharg in discussing the announcement from Sydney, N. S. W., of a movement on foot to organize such a marketing pool with the object of eventually controlling the Canadian, United States and Australian wheat crops.

Mr. Maharg said that so far as he was aware, the question of a world-wide co-operative wheat marketing organization had never been seriously discussed in this country.

To Visit Canada.
London, Feb. 22.—(Canadian Press Cable)—Chairman Threshow, of the Australian Voluntary Wheat Pool, who is now planning a world-wide marketing organization, intimated that the object of his visit to Canada and the United States is to arrange for a corner, but an understanding for the marketing of American and Australian wheat crops, says a Reuter cable from Sydney.

"Our idea," he said, "is to put on the market wheat as required, conserving the interests of the producer and consumer. We will complete our marketing organization in Australia and apply it to wheat production in America."

Committee.
The proposal is for the central committee in London to act as an executive of all the parties in the pool.

It is generally accepted that Threshow means to negotiate selling periods for the Australian and American crops in order to avoid competition.

JUNE CONVENTION OF LIBERALS

Provincial Meeting to Be Held
in Nelson

Executive Meeting in Va-
couver, Names Committee

of British Columbia Liberals will be held in Nelson some time between June 5 and June 10 next, the exact date to be fixed by a committee appointed at the meeting of the provincial Liberal executive held here this morning, and attended by the members of the Nelson Liberal executive. This was the unanimous decision reached this morning by one of the best-attended meetings ever held in the Province.

BISHOP APPOINTED.

Rome, Feb. 22.—Pope Pius to-day appointed the Very Rev. Patrick Barry, vicar-general of St. Augustine, Fla., as Bishop of the St. Augustine diocese. This is the first American bishop to be appointed by the new Pope.

MEET TO ARRANGE GENOA CONFERENCE

Premiers Lloyd George and
Poincare to Talk

Will Exchange Views in France
Saturday

Paris, Feb. 22.—Premier Lloyd George of Great Britain and Premier Poincare of France will meet somewhere in France Saturday for a conference, the principal subjects for discussion being the agenda for the Genoa Conference and the date for that gathering. Whether the meeting of the Premiers will take place in Paris or elsewhere will be determined in a day or two.

It is considered possible that the situation in Asia Minor and the German reparations question also will be talked over by the heads of the Governments.

Postponement.

London, Feb. 22.—The Genoa Conference will be postponed for a short time, according to the newspapers which say the date will be set for March 15 to 23, instead of March 8, as originally announced. The delay is said to be necessary in order to complete the preparations for the meeting.

Corporation.
London, Feb. 22.—Meetings of the Allied committee appointed at the recent Cannes conference to arrange for the establishment of an international £20,000,000 corporation for the reconstruction of Europe began in London yesterday afternoon. The delegates present, who represented rival financial enterprises and not their Government, included Baron Inverforth and Sir John Ferguson Great Britain; M. Sargent and Eugene Schneider, France; Signor Young and Signor Plerville, Italy. Belgium and Japan also were represented.

PRAIRIE FARMERS ASK WHEAT BOARD BE RE-ESTABLISHED

Regina, Feb. 22.—To present the demand of the prairie provinces for re-establishment of the Canada Wheat Board to the Government at Ottawa, a deputation, it is said, will be appointed at the annual meeting of the Canadian Council of Agriculture to be held in Regina on Monday and Tuesday of next week.

Clear Period Ahead of The Ministry in Dublin

Dublin, Feb. 22.—An agreement to adjourn the Ard Fheis, the Sinn Fein national convention, for three months was reached today by the convention's leaders.

The agreement provides that no vote in the Dail Eireann shall require the resignation of the Provisional Government and that there shall be no election meanwhile. When the election is held, it is stipulated, a new constitution under the Anglo-Irish Treaty shall be submitted to the country.

SAYS HE CAN NAME TAYLOR MURDERER

Man Held in Detroit on Forg-
ery Charge

Detroit, Feb. 22.—Sheriff Irving J. Coffin to-day maintained secrecy concerning a prisoner in the county jail who yesterday told County authorities he could supply the name of the slayer of William Desmond Taylor, Los Angeles motion picture director.

The prisoner's name, his story and his connection with the Taylor case was withheld by Coffin pending a reply to a telegram he sent last night to authorities in Los Angeles.

The prisoner, said to be held on a forgery charge here, is known to have told the officers yesterday that he knew who killed Taylor.

The Sheriff sent additional details of the man's story to Los Angeles by telegraph early this morning.

The man under arrest was taken into custody about two weeks ago.

News Awaited.

Los Angeles, Feb. 22.—Police and County officials directing the investigation of the murder of William Desmond Taylor here three weeks ago said early to-day they had not received any message from the Sheriff at Detroit relating to a man held there because of purported knowledge of the case.

WAR DOGS TO HAVE MONUMENT

French Remember Faithful
Animals' Services

Paris, Feb. 22.—The war dogs of France may have a monument erected in their honor. The idea has been generally approved because everyone recalls the great service these dumb creatures rendered.

Ten thousand of them hauled machine guns, while hundreds served as dispatch runners and sentries. Some were even used as telephone operators. These were highly trained dogs taught to patrol with a small telephone instrument on their backs, attached to the telephone line by the trenches. The bark of a dog would warn the sentry of any trouble. An entire regiment was saved in this manner by one dog.

RETAIL TRADE AND EXCLUSION POLICY

Oriental Menace Will Be Dis-
cussed Here

Oriental competition and various other phases of the Oriental question will be the chief topic for discussion at a mass meeting of local retailers which will be held at the Dominion Hotel next Tuesday evening at 8 o'clock under the auspices of the local branch of the Retail Merchants' Association of Canada.

Following the attitude taken by the local retailers recently and the adoption of resolutions dealing with the matter, the Dominion Board at Winnipeg has endorsed similar resolutions and offers its sympathy and co-operation in dealing with the serious stage of the matter now reached. Questionnaires are being sent out by the Dominion Board to all branches of the association throughout Canada asking retailers if they are in favor of standing by, and adding their forces to a National Oriental Exclusion League.

It is claimed that while thousands of returned soldiers and other British citizens of a British country are unable to find employment, the Orientals are thriving.

This is looked upon by the Retail Merchants' Association as an extremely serious matter. It is asserted that every line of industry and enterprise in which white people are engaged is being jeopardized. A full attendance at Tuesday's meeting is requested in order that full discussion of the Winnipeg resolution and the action proposed may be decided.

ANOTHER TORONTO SCHOLARSHIP GIVEN; GRADUATE WORK

Toronto, Feb. 22.—Sir Edward Kemp has placed \$500 at the disposal of the University of Toronto to be used as a scholarship for a graduate of a Western University during the season of 1921-22. This is in response to an appeal from President James Falcouner of the University of Toronto for graduate scholarships at the local University.

MERCHANTS' BANK INQUIRY SUGGESTED

Toronto Globe Says There
Should Be One
Would Have Facts About
Finances Brought Out

Toronto, Feb. 22.—The Toronto Globe editorially says there must be an inquiry by a Royal Commission or in the criminal courts to determine the truth respecting the financial standing of the Merchants' Bank of Canada. The scandal cannot be hushed up, it says.

If the bank's reserves were millions of dollars less than the amounts shown in the monthly return to the Government during the interval between June and November, 1921, either the president or the general manager, who both seconded the return, was deliberately deceiving the Finance Department and the people of Canada as to the actual condition of the bank, The Globe says.

TESTIMONY ON RAILWAY GRADES

O. D. Lewis, Engineer, Testi-
fies at Freight Inquiry

British Columbia and Question
of Rates

Ottawa, Feb. 22.—(Canadian Press)—That the operating conditions from Vancouver to Kamloops on the Canadian Pacific Railway were no worse than the conditions from Fort William to a point sixty miles west was stated in the equalization of rates case before the Board of Railway Commissioners this morning by O. D. Lewis, expert engineering witness called by G. G. McGeer, K. C., British Columbia Government counsel.

Mr. Lewis said that the grades from Kamloops to Revelstoke were practically prairie grades.

Dealing with the Canadian National Railway, Mr. McGeer declared that Mr. Lewis would show that as far as the operation of the Government railways in British Columbia was concerned, prairie conditions applied.

Hayes Testified.
Practically the whole of the morning hearing was devoted to cross-examination of C. A. Hayes, Canadian National Railway counsel, by G. G. McGeer, K. C., British Columbia Government counsel.

Mr. Hayes was requested to supply Mr. McGeer with statistical returns showing the costs of operation for the lines east and west.

He said the Canadian National grain traffic west this season would be approximately 7,000,000 bushels and that it was hoped to extend this export business through Vancouver.

C. A. Hayes Stand.
Ottawa, Feb. 22.—At this morning's hearing of the freight rates case, C. A. Hayes, vice-president in charge of traffic for the Canadian National Railways Lines, was examined by G. G. McGeer, K. C., counsel for the British Columbia Government. Mr. Hayes stated that certain information regarding the Canadian National mountain route by operating divisions was available, although statistics were usually kept by "lines east and west" west. Mr. Hayes said he would be glad to furnish the necessary information.

Mr. McGeer asked for the revenue and operating ratio by districts.

F. H. Chrysler, Canadian Pacific Railway counsel, declared this could not be furnished.

In 1913.
Mr. Hayes said the Canadian Northern in British Columbia was completed in 1913, and the Grand Trunk Pacific in the same year. Did he put into the exact dates and Mr. Carvell remarked that the time could probably be ascertained by looking up election dates.

"Quite a lot of maritime province people settled there in the early days," retorted Mr. McGeer amid laughter.

Mr. Hayes will supply statistics on the operating charges on the Winnipeg-Port Arthur section. This is for purposes of comparison. He will also supply the cost.

NOT PLANNING TO BUILD WARSHIPS

Britain Content If Powers
Ratify Pact

London, Feb. 22.—Answering a questioner in the House of Commons to-day, Lord Curzon, Secretary of State for Foreign Affairs, said none of the Admiralty, said none of the super-Hood battleships contemplated in the current estimates would be laid down until one or more of the powers which signed the four-power treaty at Washington failed to ratify that document.

In case any of the powers should fail to ratify the treaty, he said, the whole matter would require consideration.

The date of laying down the vessels agreed to in Washington would be inevitably delayed, owing to the question of designating them, and he was unable to give the exact date.

BUILDERS MEET.

Peterboro, Ont., Feb. 22.—The tenth annual convention of the Provincial Builders' and Supply Association opened here to-day. President Norris Gibb, of Sarnia, made a plea for wages based on competence and productivity.

EARTH SHOCKS IN NICARAGUA REPORTED; VOLCANO IS ACTIVE

Managua, Nicaragua, Feb. 22.—Continued earth shocks are reported in the departments of Granada, Carabobo and Rivas. Some damage has been done to buildings.

The volcano Ometepe is erupting enormous streams of lava, and the inhabitants of the islands of Ometepe and Maderas in Lake Nicaragua have fled to zones of safety.

AIRSHIP DISASTER IS INVESTIGATED

Thirty-four Killed at Hampton
Roads, Virginia

Norfolk, Va., Feb. 22.—Completely wrecked by fire and explosion, the Roma, the world's largest semi-rigid airship, and the pride of the American air service, had yielded up today the last of the dead of the disaster which overtook her yesterday while maneuvering over Hampton Roads and sent her hurtling downward to crash into the network of high power electric wires that wrought her destruction.

Recovery of the last body fixed the toll of the disaster—the greatest in the history of American aeronautics—at 34 dead, 8 injured and 3 practically unhurt. Of the dead thirty had been identified although many of the bodies of those caught in the interior of the ship when she crashed were burned blackened and charred almost beyond recognition. These dead included some of the air service's most gallant officers and men, the list containing the names of Major John Thornell, commander of the ship at her christening in Washington, last December, and Captain Dale Mabry, her commander during yesterday's ill-fated flight.

Air service men from Langley Field the home station of the craft, began shortly after dawn to-day the clearing up of the wreckage of the warped and blistered skeleton and at the same time preparations began for the official inquiry.

Major-General Mason M. Patrick, chief of the air service, who came here by aeroplane yesterday as soon as word of the disaster was flashed to Washington, made a personal inspection of the wreck during the night and ordered an immediate investigation of the cause of the crash.

Major-General Patrick said the wreckage was still at a loss to account for the disaster.

OTTAWA REJECTS CITY'S REQUESTS

Turns Down Mayor's New Un-
employment Plans
Cannot Make Exception of
Victoria

Victoria's requests for further assistance in its efforts to cope with unemployment have been turned down emphatically by the Federal Government. Announcement to this effect was made by Mayor Marchant at noon to-day, following the receipt of a five-page telegram from Hon. James Murdock, Minister of Labor in the King Cabinet.

"The Minister of Labor has simply passed the buck to the municipalities again," the Mayor said. "Mr. Murdock's telegram is most unsatisfactory and, in spite of everything he says, I still hold that the City of Victoria cannot afford to make an exception in its case."

It is at present with unemployment relief without further assistance. Whether I shall renew our request will depend upon circumstances. I will have to think it over."

After outlining the Federal Government's present relief regulations, with which the City is dissatisfied, Mr. Murdock, in his telegram to the Mayor, says: "Many municipalities are availing themselves of these provisions, both as to municipal relief work and as to direct relief. The only condition required by the Federal Government is that the Provincial Government be concerned with the relief of the unemployed."

"In the case of your Province the Provincial Government has intimated to the undersigned its desire to co-operate with the Federal authorities on the basis mentioned."

Returned Men.
"In respect to returned soldiers the Federal regulation permits Federal assistance to be given by an incident at the Municipal expenditures, but the Federal authorities cannot accept your view that in case of returned soldiers any rule should be concerned on the basis mentioned."

The Federal authorities could consider the question of meeting the whole of the costs of direct relief furnished to returned soldiers unemployed and in distress only where the provinces and municipalities formally and definitely refuse to bare any share of responsibility for such expenditure.

No Labor Tests.
"Your request that not only the excess cost of the Federal Government but also the cost of the municipal public works undertaken as labor tests to relieve civic distress should be borne equally by the Dominion, the province and the municipalities, is a request which is somewhat misinterpreted the spirit of the governing regulation, which as I understand, should not be regarded simply as work test but rather as a legitimate public work not ordinarily undertaken in the winter season because of the higher cost, and any excess costs of which the Federal Government will accordingly assume to the extent of fifty per cent, conditional on the Province and the municipality meeting the remainder of such excess costs."

Make No Exception.
"Please be assured that your representations have received most sympathetic and careful consideration, but I am unable to find in your message grounds for the granting of an exception of the kind you request."

Signor de Nicola told the King he believed former Premier Orlando would be the most likely person to succeed in the formation of a new Government. Yesterday the King summoned Signor Orlando for a conference this afternoon.

STRIKE OF MINERS SUBJECT OF DEBATE

Matter Brought Up in South
African House

London, Feb. 22.—(Canadian Press Cable)—Reuter's Cape Town correspondent cables that the deadlock in the Rand miners' strike was debated in the House of Assembly of the Union of South Africa to-day.

General Hertzog, the Nationalist leader, moved a resolution for the appointment of a select committee with a view to effecting a permanent settlement of the strike by arbitration. General Hertzog urged the miners meanwhile to return to work.

Labor Leader Boydell, who outlined Labor's proposals for a settlement, accused the Government of siding with mine owners and using the police to recruit "scabs."

The debate was adjourned.

After Decade Police Again on Trail of Westminster Robber

Banknotes Stolen In Fraser River City In 1911 Turn
Up In Toronto From United States and Man Is
Hunted In California.

Toronto, Feb. 22.—Somewhere in the United States, presumably in or near California, a former outlaw is enjoying the fruits of his banditry, according to Canadian police authorities. To-day they requested United States police officials to seek a man who is spending banknotes and gold stolen in a sensational raid on the New Westminster branch of the Bank of Montreal September 15, 1911.

A parcel of banknotes totalling \$11,500 was recently mailed to a local branch by its New Orleans agents. The exchange teller in the Sterling Bank, attracted by the crispness of the bills despite the early dates they bore, investigated and found their number to correspond with some of those on currency stolen in the raid ten and a half years ago.

Half of the batch of bills was identified as loot of the old robbery. The bandits escaped with about \$275,000 in notes and gold.

The raid was made by "Bill" Miner's daring band. Miner later was arrested and given a life sentence. The Canadian police, however, knew that the leadership of the band was taken over by one of Miner's lieutenants, whose name is known to them. He is the man now sought. He is believed to be exchanging the banknotes in small amounts for American coin, having disposed of the gold in the raid.

The Canadian police say they have traced the bills to the Tia Juana race-track.

The news that police are searching for a man who is spending banknotes and gold stolen in New Westminster ten and a half years ago comes as an echo of the greatest robbery in the history of the Canadian Pacific coast.

In the early morning hours of September 15, 1911, men, the number of whom was believed to have been three, entered the New Westminster branch of the Bank of Montreal, only twenty-five yards from the police station, and while two companions kept watch in the street, broke their way into the vault, blew the door of the safe with nitroglycerine and took away about \$200,000 in gold, banknotes which they found lying in neat piles. They were believed to have taken all they could conveniently carry as a large amount in banknotes of small denominations, said to have totalled about \$35,000, was left lying in disorder on the floor of the vault. The robbers disregarded those bills.

Bound.
The Chinese janitor entered the building about 4 a. m. to work and was immediately seized and threatened with death if he made a noise and was gagged and bound in the basement. The only direct witness, he saw three men, a large one and two smaller ones, and he believed there were two more in the street acting as lookouts.

The robbers removed a part of their loot in an automobile which they had stolen from the Trapp premises adjoining. A portion of the stolen money was later found hidden underneath a sidewalk.

Search.
A continent-wide search for the robbers followed. The robbers, Macnamara and Deane, were arrested in the United States and brought to New Westminster and charged with the burglary. They were later convicted and Deane was given his freedom, but Macnamara was found guilty of having stolen an automobile and sentenced to nine years in prison.

Miner Not There.
The Toronto police have confused the Bill Miner gang's crimes with the New Westminster robbery. Bill Miner did not flee to the New Westminster robbery. He headed the bandits who a few years previously had held up and robbed a transcontinental train of the Canadian Pacific Railway.

Miner was eventually captured and sent to the New Westminster Penitentiary, from which he escaped, with companions.

GIRL OF FIFTEEN WITH ROBBER GANG

In Love With Thieves' Leader
in Toronto

Toronto, Feb. 22.—A girl of fifteen years is said by the Toronto police to be mixed up in the New Westminster robbery. The girl is believed to be in love with the leader of the gang. The finding of hairpins in one of the houses entered by the robbers gave the police the first clue that a woman was concerned. Ten young men are held responsible for the crimes and all are now in custody.

LITHUANIA TO BECOME PART OF POLISH REPUBLIC

Vilna, Feb. 22.—The Diet yesterday by a vote of 96 out of 102 decided for the complete incorporation of Lithuania with Poland. The resolution accepts absolutely the Polish constitution of 1921 and repudiates all Russian and Lithuanian claims.

UNKNOWN GIVES GENEROUS AID

Thrusts \$200 Into Hands of
Surprised Secretary

Save The Children Fund
Growing

The sympathy and generosity evoked by the appeal for the starving Russian children being cared for by the "Save the Children Fund," is to say the least, heart-stirring.

The Canadian police office was kept busy recording fresh gifts. This morning Rev. William Stevenson, the secretary, reports that he was "almost staggered" by an incident at his own house. Early in the day a man who had every appearance of being one of the hard worked sons of toil, knocked at the door, and handed in an envelope, and without waiting for an answer disappeared. The envelope contained bills for \$200 with a brief note saying: "This will be a few crumbs for the starving people." From a letter of the hungry Russians. There was no name and no address. Such an instance of secret generosity deserves special mention.

Contributors are assured that their gifts are sent on by the greatest possible route through Lord Weardale's committee, London, England, which is caring for 250,000 children at Saratoff under Dr. Nansen organization, the celebrated explorer. The London committee announces that the "International Union of the Save the Children Fund" has brought forward the best scheme for international co-operation in voluntary relief work that has ever been devised. Subscriptions are being received from all over the world. The following are some of the names: Mrs. J. R. S., \$2; E. H. T., \$1; J. A. Fraser, \$5; Miss Young, \$1; Anonymous, \$10; Mrs. E. L. Rome, Feb. 22.—Enrico de Nicola, President of the Italian Chamber of Deputies, to-day declined the king's invitation to form a new Cabinet to succeed the Bonomi Ministry.

Signor de Nicola told the King he believed former Premier Orlando would be the most likely person to succeed in the formation of a new Government. Yesterday the King summoned Signor Orlando for a conference this afternoon.

NEWFOUNDLAND NAVAL RESERVE IS DISBANDED

St. John's, Nfld., Feb. 22.—As part of the naval reduction policy of the British Admiralty, the Newfoundland naval reserve, which has been in existence for a quarter of a century and which furnished 2,000 seamen for the navy in the world war, is to be disbanded.

Instructions were received yesterday by Capt. Kerr, in charge of the reserve here, to disband the force, sell the obsolete warship Britain, used as a training ship, and return to England with his permanent officers, instructors and other personnel.

RE-INSTATED BY GOVERNMENT, DR. BAKER RESIGNS

Re-appointed After Being Exonerated by Commissioner Shaw

But Game Board Head Immediately Hands Resignation to Cabinet

After being reinstated in his position as Chairman of the Game Conservation Board, Dr. A. R. Baker has tendered his resignation to the Provincial Government, and it has been accepted.

This announcement is contained in the following statement issued today by Hon. J. D. MacLean, Acting Premier, as follows: "As a result of the findings of Magistrate H. C. Shaw, Commissioner appointed to investigate charges against Dr. A. R. Baker, which charges alleged malfeasance in office and other grave improprieties of official conduct in connection with the affairs of the Game Conservation Board, of which Dr. Baker was chairman, the Executive Council, at a meeting on February 17, after giving lengthy consideration to the Commissioner's report, decided that Dr. Baker was entitled to re-instatement to the office of Chairman from which he was suspended pending the announcement of the results of the inquiry."

"While Dr. Baker has been the target for much malicious personal and political criticism, the findings of Judge Shaw completely exonerated Dr. Baker from any wrong doing in the administration of the Game Conservation Board. While his administration has not been wholly above criticism, he was entitled to British fair play, and as is the custom in police and other branches of the provincial service, when the suspended officer is exonerated, he is entitled to re-instatement."

"On receipt of his notice of re-instatement, Dr. Baker immediately tendered his resignation as Chairman of the Game Conservation Board, and as director of the B. C. Patriotic and Educational Pictures. In his letter of resignation, he says: 'I have been anxious for some time to be relieved of my duties, and now that I may freely do so, I shall be glad to have my resignation accepted forthwith.'"

"The Executive Council has accepted his resignation," Dr. MacLean stated.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops, and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2 1/2 ounces of Pinex into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces of family supply of much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment, ask your druggist for 2 1/2 ounces of Pinex with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

Newly Rich People Have Adopted the Fad

New York, Feb. 22.—Diamond-studded teeth are the rage in Brazil. This was word brought back from Sao Paulo by Dr. George Washington Holbert, of Knoxville, Tenn., a dentist who returned yesterday on the steamship Caxias after practising in the Brazilian city for ten years.

ALCOHOLIC CIGARS IN CALIFORNIA LEAD TO COURT

Santa Barbara, Cal., Feb. 22.—The "anti-Volstead smoke," or alcoholic cigar, has made its appearance in Santa Barbara.

Its producer, A. Del Carro, cigar-maker, paid a fine of \$250 in police court following a plea of guilty to the charge of having liquor in his possession, contrary to law.

MACHINE GUNNERS IN PAWTUCKET ON STRIKE DUTY

Providence, R.I., Feb. 22.—A mobile machine gun unit of thirty men from the 103rd Field Artillery mobilized here last night was ordered to Pawtucket to-day for strike duty following receipt by the authorities of reports of military already in that city that the strikers were showing signs of restlessness.

MAIL ROBBERY.

Windsor, Ont., Feb. 22.—That the bandits who held up and attempted to rob the Amherstburg street car carrying registered mail early Monday are the ones who robbed Herbert Jacobs at the Tecumseh post-office of a mail pouch containing more than \$5,000 last week, was the theory of the Sandwich police to-day.

OBITUARY RECORD

The remains of the late Mrs. Jeanette Bruce Elliott, whose death occurred on Saturday, February 18, were laid to rest yesterday afternoon at the crematorium in the eastern section of the city. The funeral service was held at the Emmanuel Baptist Church, The Rev. William Stevenson, assisted by the Rev. Jos. McCoy, officiated. The hymns sung were "Rock of Ages," and "Peace, Perfect Peace." There was an unusually large attendance of sympathizing friends at the service. The casket was covered with a profusion of floral tributes, testifying to the esteem in which the late Mrs. Elliott was held. The following acted as pallbearers: J. Hall, D. Francis, E. J. Rigby, J. B. Clements, J. Shampney, W. Chave. Interment was made in the family plot at Ross Bay Cemetery.

DEPUTATION TO WAIT ON MINISTER

Desire Re-building of Bridge Across Nanaimo River

(By Times Correspondent)

Nanaimo, B.C., Feb. 21.—According to the estimates of the Board of School Trustees, as submitted to the City Council last evening, the expenditure on the schools of this City during the current year will total up over \$49,000, of which total no less than \$49,623 is for salaries. The most important items are as follows: Salaries, \$49,623; night school salaries, \$1,000; caretakers, \$583; secretaries' salary, \$450; fuel and hauling, \$2,000; insurance, \$438; domestic science, \$350; manual training, \$300; school supplies, \$600; High School supplies, \$385; kindergarten, \$200; lighting, \$100; medical, \$600; repairs, \$2,000.

Provided the Finance Committee can raise the money the Sewerage Committee of the City Council contemplates spending this year a sum of \$10,000 on the sewerage system of this City. The estimates for the year were presented to the Council and referred to the Finance Committee for consideration. The estimates were as follows: Milton & Kennedy alleyway, \$325; Franklin Street, \$700; Escate & Caven, \$1,100; Needham Street, \$1,200; Haliburton & Gillespie Streets, \$350; Seaboard Street, \$575; Grace Street, \$725; Fitzwilliam & Wallace, \$752; Blue Street, \$975; Irwin, \$150; Selby Street, \$380. It was also recommended that in addition to the sum of \$2,000 be allowed for maintenance and operating expenses.

The City Council at last night's meeting appointed Mayor Busby and Alderman Hande a delegation to wait upon the Provincial Minister of Public Works regarding Government aid to the Nanaimo River, carrying the pipe line to the South Forks, which bridge was swept away by floods last Fall.

Communications were received from Mr. William Hancock asking for the use of the Cricket Grounds for a junior football game on February 26. Referred to Parks and Properties Committee.

John Shaw, Secretary for the Nanaimo Hospital, wrote for the usual annual grant from the Council to the Hospital Board. The application was referred to the Finance Committee for consideration and report.

A communication was received from the Trustees of the Finnish Church stating their willingness to accept the refusal of the City to had been offered them by the City in connection with the expropriated church lands.

Twenty-four applications were received for the post of accountant made vacant by the resignation from the City Hall staff of Frank Morgan, the appointment being given to Thomas James, who for the past ten years has been connected with the staff of the local branch of the Merchants Bank.

The Legislative Committee reported that it had considered the communication of B. R. Bell containing suggestions and recommendations regarding fire and electric finances, and had come to the conclusion that the time was not opportune for the changes recommended by Mr. Bell.

Everything is in readiness for the Folly colors of black and white by a committee of which Miss Winnie Pollard is convenor.

The programme for the dance is as follows: Waltz, Swanee River; Moon; one step, Down South; fox trot, Smilin', waltz, Jennie; Brownie; one step, Little Fellow; fox trot, Bon Swa Julia; Malaspina; waltz, When Shall We Meet Again; one step, Beautiful Baby; schottische, Dear Old Moon; fox trot, Wanda; one step, Andrew; waltz, Nobody Knows How I Miss You. Repeat.

TWO SAVED AND SEVEN PERISHED

Sea Tragedy on the Coast of Florida

Galveston, Tex., Feb. 22.—The Morgan Line steamship El Oriente, flying to-day from New York, brought the story of a sea tragedy in which seven men lost their lives after enduring days of suffering. The men were the crew of the Pensacola schooner Caldwell H. Colt, which was wrecked on a Florida reef February 13 in a gale.

The El Oriente brought one of the survivors, Captain L. A. Smith, master of the schooner. The other survivor was picked up by a British tanker and taken to New Orleans. The nine men clung for several days without food or drink to the schooner's wave-swept deck, then one by one dropped off until four were left. One of these, Frank Brooks, was swept away on a booby hatch and he was the survivor later found by the British tanker.

Captain Smith, Joseph Meuse and Francis Nebraska, floating on the deck of the wrecked schooner, were sighted Monday afternoon by the El Oriente. Before they could be rescued Nebraska fell from the raft from exhaustion and drowned. Meuse died shortly after being rescued, and was buried at sea at sundown last Monday.

SIR ARTHUR CURRIE SPOKE IN NEW YORK

Guest of Graduates of McGill University

New York, Feb. 22.—(Canadian Press)—General Sir Arthur Currie, late commander of the Canadian army in France and at present head of McGill University, Montreal, was the guest of honor here last night at the twenty-seventh annual dinner of the New York Graduate Society of McGill. Among the 200 guests and

members were representatives from Queen's University, Kingston, and British schools and the University Club of New York.

EFFORT TO STOP SPREAD OF DISEASE FROM RUSSIA

Paris, Feb. 22.—The League of Nations is organizing a conference to be held in Warsaw some time during March to arrange for the establishment of a sort of sanitary "No Man's Land" between Russia and bordering states. The object is to prevent infected persons from bringing typhus and cholera westward when the winter breaks up.

HOME BURNED; FAMILY ESCAPED

Nelson, Feb. 22.—Fire destroyed the residence of Arthur Stromstead on the Granite Road one mile from Nelson shortly after midnight. Mr. and Mrs. Stromstead and two children barely escaping in their nightclothing.

DIED IN ITALY.
Montreal, Feb. 22.—Word has been received here that Eugene Archambault Rainville, wife of H. B. Rainville, former Speaker of the Quebec Legislative Assembly, died yesterday in Naples, Italy. Mrs. Rainville was born in L'Assomption, sixty-five years ago.

CURRIE SPEAKS IN PHILADELPHIA

Head of McGill Honored by University

Philadelphia, Feb. 22. It was the inevitable working of poetic justice in human history that the greatest conference ever held in the interest of peace should meet nearly a century and a half after George Washington's struggles and triumphs. General Sir Arthur W. Currie, head of McGill University, Montreal, declared to-day.

Sir Arthur was the orator of the day at the University of Pennsylvania's Washington's Birthday exercises. After his address the former Canadian Army leader and General Pershing were honored with the degree of Doctor of Laws, conferred by the University.

"Washington's ideals still live upon the earth," Sir Arthur said. "The men and boys who went out from your country and mine to die on foreign fields for their principles during the recent years of world tragedy were similar to him in spirit. They too, like another of your statesmen, would have liberty or death. And surely above their graves, with the Anglo-Saxon ideals of Washington to strengthen us, we shall remember in the future only the common cause for which our race has always struggled."

Clear Vision.
"Washington's rhetoric was never the rhetoric of a rebel," Sir Arthur said. "It was the calm, judicious and earnest appeal of a man with clear and far vision who represented the best and noblest spirit of his age."

"In formulating his theories of justice and freedom, his doctrines of the inalienable rights of life, liberty and the pursuit of happiness, the principles of government instituted among men and deriving their just powers from the consent of the governed, he was not alone in his generation nor was he the first and only of the prophets. He represented the ideals of the majority of the thinking men of Britain. He was but one chorion voice in the great chorus singing in his time the psalm of freedom."

"Washington was not without friends and comrades in ideals in Britain. His ideals were those of Britain's best. The weight of power was against him, it is true, but we must not forget the courageous minority who sympathized with his views."

EXPERT ON WILLS MADE NO WILL

Chicago Attorney Died Without Leaving Instructions

Chicago, Feb. 22.—John S. Miller, one of the best known will experts in the country, who died last week, failed to make his own will, it was disclosed yesterday when his son, John S. Miller, Jr., also an attorney, applied for papers to administer the estate.

The elder Mr. Miller devoted a large part of his practice to specializing in drawing wills.

SAYS DEPRESSION IN GREAT BRITAIN WILL CONTINUE

London, Feb. 22.—(Canadian Press Cable)—Speaking at Leeds last night, Colonel Armstrong, president of the Federation of British Industries, said extensive information at the disposal of the federation showed there was little hope of a general revival of either home or export trade in the near future. Everything indicated that the present state of depression might continue another year or longer.

I'm So Tired

Fatigue is the result of poisons in the blood. So when the kidneys fail to purify the blood one of the first indications is unusual and persistent tired feelings and pains in the back.

Neglected kidney troubles lead to years of suffering from rheumatism or develop into such fatal ailments as Bright's disease.

The kidney action is promptly corrected by use of Dr. Chase's Kidney-Liver Pills—the best known regulator of kidneys, liver and bowels.

Mrs. John Ireland, R.R. No. 2, King, Ont., writes:

"I was a great sufferer from severe headaches and bilious spells. I tried a number of remedies without obtaining any benefit until I was advised to use Dr. Chase's Kidney-Liver Pills. These completely relieved me and made me feel like a new person. I am very grateful to Dr. Chase's medicines for what they have done for me, and you may use my letter for the benefit of others."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

Could Scarcely Breathe

When you become all choked up and stuffed up with a cold your head becomes thick, the nostrils become so clogged up you can hardly breathe, a feeling of weight or oppression in the chest and the cough rattle and tears your lungs and bronchial tubes. This is the time to take

DR. WOOD'S
NORWAY PINE SYRUP

before things get to be too serious. There is no remedy to equal it for clearing up the cold, making the breathing easy, loosening the phlegm and soothing and healing the lungs and bronchial tubes.

Mrs. Edward Kincaid, 60 Bryden St., St. John, N. B., writes: "I wish to express my hearty thanks to your valuable remedy Dr. Wood's Norway Pine Syrup and what good it did me. Last fall I contracted a severe cold, the like I never had, my head and nostrils were so clogged up I could get no vent, and could scarcely get my breath. I tried remedy after remedy until at last I thought I would try 'Dr. Wood's.' After the first dose I felt relief, and by the time the bottle was finished I was all better. I will always keep it in the house."

Price 25c, and 50c a bottle; put up only by The T. M. M. Co., Limited, Toronto, Ont.

STATES BRITISH MINISTRY WEAKENS

Sir John Simon Says Coalition Failing

London, Feb. 22.—(Canadian Press Cable)—Speaking in Nottingham last night, Sir John Simon, who was a member of the Asquith Ministry, said the shadow of death was resting upon the House of Commons and most of its members were gloomily preparing like condemned men to be taken back to the place whence they had come.

Shattering blows, he said, had been delivered by the recent by-elections, which had gone against the Government and showed the way the wind was blowing. The Government, said Sir John, had lost the confidence of the people. The Government resembled a badly constructed cinematograph film, all jerks and jumps, with flashes of light and patches of darkness. Nobody knew what would happen.

TO INCREASE EXPORT TRADE OF CANADA

Toronto, Feb. 22.—Canadian manufacturers are becoming aroused to the benefits of having their products in London, England.

On February 6 the Department of Trade and Commerce published in its weekly journal an article by A. T. Wilkerson, Canadian Government trade commissioner specially assigned to interview the big independent houses of London who act as purchasing agents for the world markets. He said that goods would be very welcome, but could not be considered unless manufacturers had permanent representation in London, with samples and prices always available.

A few Canadian manufacturers and exporters have now completed arrangements for a permanent exhibition in London, with selling service for all departments. All commercial exhibitions are valuable assets to seller and buyer, but for export purposes continuity of effort is the only method of producing permanent results.

An invitation is being extended to Canadian manufacturers to co-operate by taking space and showing their products. The men behind this national enterprise are planning eventually to show all classes of Canadian products in Cape Town, Melbourne, Buenos Ayres and other capitals.

LADY GLEICHEN

DIED IN LONDON

Succumbed in St. James Palace; Sculptor and Painter

London, Feb. 22.—Lady Feodora Gleichen died in St. James Palace to-day. It was because of her illness that parties given by the King and Queen in honor of Princess Mary's coming wedding were transferred to Buckingham Palace.

It is officially stated that the death will not cause any alteration in the wedding plans.

Lady Feodora was unmarried and the daughter of the late Admiral Prince Victor of Hohenlohe-Langen. She attained considerable success as a sculptor and painter.

APPLES BE GROWN

Sir George Paish Gives Advice to Britishers

London, Feb. 22.—(Canadian Press Cable)—Addressing a congress of fruitgrowers and market gardeners in London yesterday on the possibilities of meeting foreign competition, Sir George Paish, assistant director of the Overseas Trade Department, said England was by far the greatest consumer of exported apples in the world. The first duty of British producers was to examine the methods which enabled the overseas growers chiefly American and Canadian, to place their produce in the English market at a price and in condition which stood comparison with the home produce. It was essential that the home grower should severely restrict the varieties he cultivated.

CANADA SHOULD HAVE NO SLUMS

Governor-General Addresses Montreal Women's Canadian Club

Montreal, Feb. 22.—Baron Byng of Vimy, addressing the Women's Canadian Club here yesterday, referred to some of Montreal's slum properties and pointed out that there was evidently small reason for their existence in a young country. Then he touched on the lack of playgrounds for children here, and said it was the dead rather than the living who were allowed to utilize the city's great playgrounds. Finally he spoke of the sufferings of dumb animals as evidenced by the number of lame horses he had noticed in and around the city.

The Governor-General said he was trying to develop a "Montreal conscience," and that in doing so it had suffered three little pin pricks from what he had seen during his stay here.

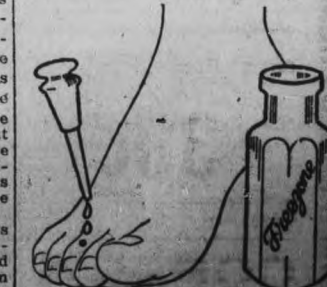

DIED IN VIRGINIA

Nine Million Customers to Buy Your Products!

And the Newspapers to Reach Them Every Day. Link Up the Factors of Success!

The retail business of six staple trades alone in Canada is conducted daily by 34,208 stores, which are the accepted and logical outlet through which food products and manufactured articles are passed on to the ultimate consumer—and the money received in the transaction is returned into circulation. These trades include:

13,331 Grocery Stores

In these stores thousands of tons of foodstuffs reach the family table, being sold in well-known branded or trade-marked cartons, packages, containers and bottles, made familiar by DAILY NEWSPAPER ADVERTISING.

2,645 Clothing Stores

Through these establishments the men and boys of Canada are supplied with outer garments, ties, hosiery, gloves and under wear. Stock is turned over, and shops prosper in proportion to the demand created for the wares they display. DAILY NEWSPAPER ADVERTISING creates and stimulates demand.

3,050 Boot and Shoe Stores

They turn over millions of pairs of boots and shoes, rubbers and accessories in addition to those sold in department stores. Good-will is one of their great assets, because foot comfort and honest quality in footwear are absolute demands. The DAILY NEWSPAPER best carries your guarantee.

1,685 Furniture Stores

It is estimated that at least 160,000 new houses are needed in Canada. The furniture sellers who are best known will add this business to that which they already enjoy. The DAILY NEWSPAPER makes them known quickly and cheaply.

2,537 Dry Goods Stores

Where the women of the family do the bulk of their shopping their stocks are replenished absolutely at the demand of the householder in their trading area. Women regard advertisements as part of the day's news.

2,955 Hardware Stores

Not only farm implements and the staples of hardware, but many articles of domestic utility and convenience are circulated through these establishments. Special local tastes are often a problem unless the help of the local daily paper is enlisted on your side.

The successful manufacturer and distributor extends his business in linking it, through DAILY NEWSPAPER ADVERTISING, with these 35,000 merchants or any territorial division of them.

READY FOR YOUR INSPECTION

Thursday, Friday and Saturday

Every woman who visits our Millinery Department on Thursday, Friday and Saturday will have the pleasure of looking upon a very complete exhibit of the new styles and colorings that will predominate during the Spring and Summer.

Our millinery buyers have spared neither trouble nor expense in bringing from both home and foreign fashion centres the styles that have found favor with those whose judgment is never at fault; and to-morrow, Friday and Saturday you are cordially invited to come and inspect this first great millinery display of the season.

Of the shades, red is the most favored for Spring, and is featured prominently in celophane straw, while for Summer the favorite shades are periwinkle or orchid, with grey and pheasant combinations; fruit and flowers are also greatly favored, and are shown in our display in abundance.

Of materials, Visca braids and haircloth are popular, and are largely employed in new turbans and soft, draped crowns.

Be one of the many who will inspect this early millinery display on Thursday, Friday and Saturday.

CANADA'S PROBLEMS MAKE DEMAND FOR VIRTUE PEOPLE

Women's Canadian Club Told Immigration Must Be of Right Kind

Immigrants of the pioneer type, willing and ready to hew their homes out of Canada's virgin lands, ready to assimilate with the all-ready existing population of Canada and to absorb the best ideals are essential to the solution of the many economic problems which confront Canada today.

Conducting his hearers on "a brief pilgrimage down the pathway of history," the speaker, Mr. E. C. Nicholson, president of the Canadian Club of Victoria, as expressed by him in the course of an address before the Women's Canadian Club yesterday afternoon.

The eight and three-quarter millions of people in Canada to-day, observed the speaker, are carrying a heavier burden of debt than the United States had after its civil war when its population was thirty-eight millions. The resources of Canada, he pointed out, are being wasted as in years past. The mistake has too often been made of considering Canada's resources as inexhaustible. Canada must have a population of the right kind, he said, to make the most of its resources.

While fully concurring with the principle of bringing English-speaking peoples to Canada, the speaker observed that the big burdens to be met in Great Britain were such that she could not afford to deplete her population by emigration to any other country. Canada must look to her own resources, he said, and to the fact that she is a young nation.

The speaker admitted that settlement schemes of this nature are fraught with difficulty, but claimed that these comparatively minor difficulties could be met by the Canadian people. He said that the Canadian people must be able to establish a bond of sympathy and unity between the newcomers and the present population.

Material problems, however, were secondary to the moral problems; the speaker said. The basis of true national development, he said, is the highest ingenuity, skill and initiative to meet the tremendous burden of debt the world is handing on as the result of the war and of the waste of its substance, and only by giving the youth of to-day the best mental and intellectual groundwork will they be able to shoulder the superhuman task.

The speaker urged that children should be taught to think for themselves, not merely to store up a vast accumulation of facts which may never be used.

Health and educational problems were briefly touched upon. In conclusion the speaker envisioned the day this Dominion might become the Mecca of the world, where the Mother of Nations in her own soil, establish Dominion consciousness and unity, properly develop all the material resources of the Dominion, and especially look to the mental and moral training of the rising generation, she will prove herself worthy of her task.

Mrs. J. P. C. Hyndman presided at the meeting and Mrs. Styles Schi favored the gathering with a group of songs.

Agnes Deane Cameron Chapter—Members of the Agnes Deane Cameron Chapter, I. O. D. E., are reminding the members of the chapter to hold Friday afternoon at the home of Mrs. Puckle, 875 Richmond Avenue. Those having doilies they wish to donate, will please bring them to the chapter meeting which doilies can be made.

Central W. O. T. U.—The Central W. O. T. U. will hold its Friday Willard Memorial meeting Thursday afternoon at 3 o'clock, at the home of Helen Ryan, 651 Battery Street. An interesting programme has been prepared and a large attendance is expected.

Girls' Corner Club—The next meeting of the club will be on Thursday evening, in the Liberal Association rooms, over Victoria Book and Stationery Co., Government Street. Rev. J. F. Dimmock, of Methodist Church, Victoria, West, will give an address. Arrangements for the supper, which will be served at 6.15 o'clock, are in the hands of the ladies of Cloverdale Hall. All business girls are heartily invited.

Resolution of Sympathy.—The School Board yesterday passed a resolution of sympathy for Mr. Raynor, former Chairman of the Board, who is ill at present.

LOCAL COUNCIL HEARS OF MAIN AND WOMEN'S EFFORTS

Mrs. W. J. White, of Vancouver, Speaks of Drug Campaign

Greetings from the Vancouver Local Council of Women were conveyed by the President, Mrs. W. J. White, to the members of the Victoria body at this morning's session.

Mrs. White after paying tribute to the "Victoria organization," outlined the steps being taken by Vancouver women in the campaign against the drug traffic and in the elimination of slum conditions in the Mainland.

She stated that committees dealing with the drug menace are working to secure a building to be used in conjunction with the General Hospital for the treatment of drug addicts. As a follow-up to this, an effort will be made to establish a farm colony where addicts after hospital treatment may regain their lost health and self-respect.

Mental Deficient Problem.—The ever-recurring problem of the mentally deficient or sub-normal child was brought to the attention of the women in a report presented by the University Women's Club. The Council was urged to press for the services of a trained psychiatrist in the City schools and to ask for a revival of the special classes and the mental tests for sub-normal children which have been discontinued since Mrs. Winn's departure.

Suitable accommodation for defective girls, segregation of sub-normal girls and boys from adult delinquents in institutions of detention, the establishment of cottage homes for mental defectives, and the training of a traveling psychiatrist to undertake the careful grading of mental defectives at school and in the home, were among other steps urged by the University Women's Club.

In answer to a number of questions Mr. Frank Andrews explained that at present there are two classes for retarded children in the City schools, but that it was hoped that a trained psychologist would be added to the public schools staff at some time in the near future. Mrs. C. C. Spofford, after recounting the difficulties of the School Board in this matter, pointed out that it was necessary first of all to educate public opinion to the absolute and pressing need for dealing with this matter.

Discussion culminated in a resolution calling upon the School Board again to appoint a trained psychiatrist in the schools of the city; and a resolution petitioning the Provincial Government to establish a traveling clinic in charge of an expert psychiatrist.

Fostering Home Crafts.—Miss Ringland gave a comprehensive report as convener of Fine and Applied Arts. Attention was drawn to the revival in cottage industries and crafts, notably the woollen industry fostered by Mrs. Dennis Harris. The suggestion was made that every encouragement be given to Canadian artists to community music in the way of musical festivals and to the assisting in the growth and promotion of Canadian home crafts and arts.

Beautiful pottery is being made in the United States, the quality of the product depending entirely upon the adequate supply of suitable clay. Such a clay has not yet been found upon Vancouver Island, although attempts to do so have been made. If suitable clay could be found, this medium might be used in conjunction with Indian designs and colorings to build up a profitable industry, suggested Miss Ringland.

Teaching to Think.—Material problems, however, were secondary to the moral problems; the speaker said. The basis of true national development, he said, is the highest ingenuity, skill and initiative to meet the tremendous burden of debt the world is handing on as the result of the war and of the waste of its substance, and only by giving the youth of to-day the best mental and intellectual groundwork will they be able to shoulder the superhuman task.

The speaker urged that children should be taught to think for themselves, not merely to store up a vast accumulation of facts which may never be used.

Health and educational problems were briefly touched upon. In conclusion the speaker envisioned the day this Dominion might become the Mecca of the world, where the Mother of Nations in her own soil, establish Dominion consciousness and unity, properly develop all the material resources of the Dominion, and especially look to the mental and moral training of the rising generation, she will prove herself worthy of her task.

BESSIE DOLLAR MAY BE REPAIRED ON CHINA COAST

Bids of British Columbia and Puget Sound Firms Rejected As Too High

Tenders Now Invited for Temporary Repairs to Damaged Freighter

Claiming that bids submitted for permanent repairs to the disabled freighter Bessie Dollar were too high, the Robert Dollar Steamship Company has called for tenders covering temporary repairs and will send the ship over to China where her damaged superstructure will be rebuilt. Keen competition was seen in figuring on the first contract by Victoria, Vancouver and Seattle firms and the tenders were believed to have been cut to the bone in the efforts of the competing companies to land the contract.

Yarrows Low.

It is understood that Yarrows, Ltd., of Esquimalt, was the lowest tenderer with a bid of slightly less than \$40,000. The Todd firm of Seattle was the next in line with a bid of about \$45,000. The highest bid was in the neighborhood of \$50,000, submitted by the B. C. Marine Shipbuilders and Engineers, Ltd., of Victoria. The bids were opened last Friday afternoon, and Capt. R. L. Morton, shore superintendent of the Robert Dollar Company, wired the tenders to the headquarters of the company at San Francisco.

The reply received by Capt. Morton indicated that the company considered the tenders too high, and the company representative was instructed to call for bids on temporary repairs.

The bids on the proposed temporary repairs will close, it is expected, sometime this week. This means that when the temporary repairs have been completed, the Bessie Dollar will resume her interrupted voyage to the Orient, and will probably be permanently repaired at Hongkong, where the company considers the work can be done more cheaply.

To Suit Underwriters.

The temporary repairs will have to be made to suit the classification and the satisfaction of the underwriters. They would comprise the erection of a temporary bridge and chain room to take the place of the wrecked superstructure. The ship's hull in fact, the temporary repairs, it is estimated, will cost in the neighborhood of \$10,000.

KINGSLEY HERE FROM CALIFORNIA

With 150 tons of freight from California, the coast freighter E. D. Kingsley, of the Kingsley Navigation Company, arrived in port at 1:30 o'clock this morning from San Francisco. After discharging about 100 tons of general freight at the Grand Trunk Pacific wharf, the vessel shifted to the wharf of the Sidney Ruber Roofing Company, where she discharged 50 tons of asphalt. The Kingsley left about 10 o'clock for Vancouver.

Pain in the Pit of the STOMACH? Redmac Relieves It

Truly wonderful how quickly you can get rid of all stomach trouble. Redmac goes right to the seat of the trouble. Mrs. Vanhorn, of Winnipeg, writes: "I have suffered for years from indigestion. I would get such a sharp pain in the pit of my stomach, it would almost double me up at times. During this time I have not known what it was to enjoy a meal. I got very thin and weak. I have been taking Redmac and what a blessing it is to me. I can eat three square meals a day now."

If you want to feel fit, if you want good strong nerves, lots of good pure blood and plenty of energy and vitality, you get a bottle of Redmac and see how quickly it will put you on the road to good health. Go to your druggist to-day, and get a bottle of this wonderful Tonic, made from herbs and roots from foreign countries.

FIREMAN KILLED ON PRINCESS ENA

Vancouver, Feb. 22.—F. W. Grosse, a fireman, employed on the Canadian Pacific Coast steamer Princess Ena, is reported to have been killed in a fall during the steamer's run north. No details are available. The body is being brought here on the steamer Venture, due to arrive to-morrow. The dead man's home is in this city.

BEATRICE TO RESUME SERVICE TO NORTH

C.P.R. Boat Being Overhauled Preparatory to Sailing For Rupert

The Canadian Pacific Railway steamship Beatrice is being overhauled at Yarrows, Ltd., and immediately the work has been completed the vessel will resume her sailings in the Northern British Columbia coastwise service.

It was announced this morning by Capt. C. D. Neerout, marine superintendent, B. C. Coast Steamship Service, that the Princess Beatrice will be dispatched from Vancouver next Wednesday for Prince Rupert and intermediate ports.

During the Spring and Summer months the vessel will maintain a weekly service to the north, sailing every Wednesday.

The Beatrice will be turned back to the company by Yarrows, Ltd., this week, and she will at once be prepared for the northern route.

NARENTA LEAKS IN TWO HOLDS

Royal Mail Vessel Drydocked at Todd Plant For Survey

Seattle, Feb. 22.—Leaking in two holds as a result of running ashore on Sinclair Island while bound from Bellingham to Seattle, the Royal Mail liner Narenta, one of the largest refrigerated steamships afloat, was yesterday drydocked at the Todd yard on Harbor Island. She arrived in Seattle with the Carry-Davis tug as escort. She shifted to the Todd plant and representatives of the underwriters went aboard to determine if it would be necessary to remove any of her cargo.

The Narenta arrived in Vancouver, B. C., from Great Britain a week ago and after discharging and loading in that port shifted to Bellingham for Sinclair Island. She left Bellingham for Seattle, but got off her course near Sinclair Island and ran ashore at 7:35 o'clock. She wirelessed the Seattle offices of the Royal Mail Line and the local officers notified the Carry-Davis tug and Barge Company to rush a tug to the scene. The tug speeded down Sound. The Narenta, however, was floated by the rising tide at 11:20 o'clock and proceeded for Seattle under her own steam. She met the Tyee near Port Townsend. The tug Equator, of Townsend, the Pacific Lighterage Company, also put out to the rescue, but returned to Seattle on hearing that the Narenta had floated herself.

The Narenta is one of the most modern refrigerated steamships afloat. She is a sister ship of the Nebraska and the Natchez, which carried great shipments of apples from Seattle for England earlier in the winter. She is on her maiden voyage. Sixty thousand boxes of Northwest apples have been loaded for the vessel, of which a large percentage was for Seattle loading.

NEW DUTCH MOTOR LINER COMING HERE

M.S. Dinteldyk, Newest of Fleet, Scheduled to Arrive From Europe in May

Dinteldyk, newest and largest motorship flying the Dutch flag, is expected to arrive at this port in May from Europe, it was stated to-day at the offices of Pindlay, Durham & Brodie, local agents for the joint service of the Royal Mail and Holland-American lines.

The Dinteldyk has just been completed in the Netherlands for the Holland-American Line, and will shortly set out from Rotterdam via British ports on her maiden voyage to the North Pacific coast.

The ships of the Royal Mail and Holland-American lines are now operating a regular service to Victoria on the established route between Europe and British Columbia.

The next ship of this service to arrive here will be the Noorderdyk, which is scheduled to arrive here March 1 to discharge and load freight.

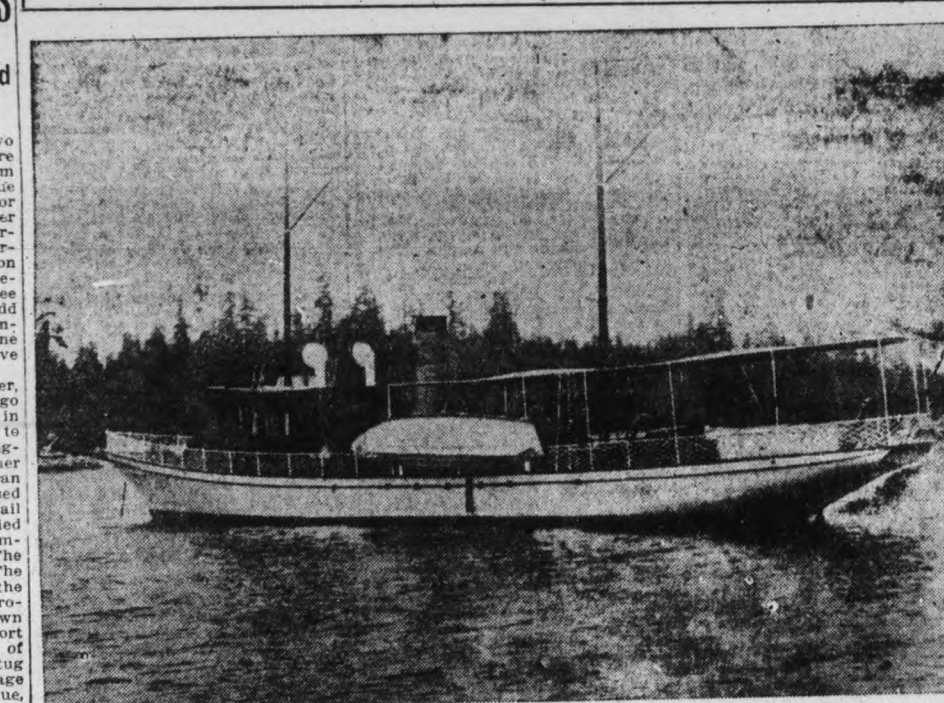

Eemdyk in April.

The splendid new Royal Mail motorship Loch Katrine, which is now making her maiden trip to this coast, is due here about March 15. The Loch Katrine will be followed by the Holland-American freighter Eemdyk towards the latter part of April.

The new motorship Dinteldyk will arrive out here in May.

As in the case of the Royal Mail vessels, all the boats of the Holland-American Line are now carrying passengers. The Dutch vessels have accommodations for about twenty cabin passengers and there is a growing demand for space, it is stated by the agents.

THE FAMOUS CRAFT GUNHILD HAS BEEN SOLD

The former quarantine tender Gunhild has been sold by the Federal Government to W. H. Drewitt, a returned soldier, of Victoria, who, it is said, proposes to operate the vessel in the freighting trade to the Gulf Islands. The price paid for the Gunhild is said to be about \$2,000. There was quite a controversy when the Gunhild was sold to the Borden Government to be used as a quarantine tender at William Head, for about \$12,000. For the greater part of the time since her purchase by the Government the Gunhild has been lying idle at William Head.

TOOK VEGETABLES INTO FROZEN NORTH

Rendered Possible by New System of Dehydration

The New York Independent recently published an account of what is called a "Pocket Garden" taken to the Arctic seas. "When the MacMillan expedition packed up its goods and chattels a short time ago and departed for Baffin Land and the Frozen North on a voyage of scientific exploration, it carried along the first fresh fruits and vegetables ever to penetrate to that barren country," says The Independent. "Fresh spinach and green corn, new rhubarb in the stalk for rhubarb pies, and raw cabbage for salad were included. Can you imagine the scene? A midsummer dinner in the midst of ice-clocked fields and a group of fur-wrapped Eskimox to wonder and comment on the strange delicacies of the white man's table? Fresh food, months after it has been pulled from the garden and eaten still fresh in a land where no vegetation of any kind is found! How is it accomplished? Every bit of it has been wrapped up simply in paper bags and stowed away with no greater precautions than the blankets or other luggage. Yet sufficient food has been carried along in this form to last each member of the party five months."

"Pocket Garden" was made possible by a new process of dehydration, which gets rid of the water in fruits and vegetables without destroying the original flavor, so that by placing them in water for a few hours, they are restored to a condition of freshness. This process is designed not for dehydration on a large scale in

factories, but for use on farms and in homes, so that the housewife, whether on the farm or in the town, can quickly and economically preserve fruits and vegetables for winter use.

Dehydrated fruit or evaporated fruit as it is used to be called, has not been received very favorably by the public in the past, because processes were imperfect and the resulting products unsatisfactory. Recent discoveries by experts and the latest resulting apparatus have now removed all objections, and demonstrations have been given at which those in attendance were unable to distinguish between dishes prepared from the fresh and from the dehydrated and restored materials.

Would Reduce Cost of Living.

If a domestic dehydrator capable of distilling the water from fruits and vegetables without destroying the flavor could be manufactured in Canada and sold at a price to bring it within the reach of every housekeeper, it would considerably reduce the cost of living, both by eliminating waste and by reducing the cost of preserving fruits and vegetables in the household. It would save the cost of glass jars and other necessities of old-fashioned canning. Dehydrated fruits can be safely kept in cardboard boxes such as are used for cereal foods or even in ordinary paper bags. However, any housekeeper who has glass jars and wishes to use them for the purpose of storing dehydrated food can put a much greater quantity of food in a jar than was possible when preserving food by old-fashioned canning methods.

This is the age of apartment house life with all its inconvenience of restricted space, and a strong argument in favor of dehydration, as compared with the present domesticated practice of preserving in sealers, is the small space in which a large supply of dehydrated fruits and vegetables can be stored. Further, if from any reason, more material is

restored for use than is required for consumption, it can be again dehydrated without any depreciation in quality.

Advantages of System.

There has never in the past been a good deal of drying that would compare favorably in convenience with what is known as "canning" in glass jars, but it is claimed that this difficulty has now been solved, and that food can be dried in the home more conveniently and economically than it can be "canned."

Women prefer their home preserved fruits to factory canned products, not only because they take pride in their own work, but also because they know exactly the condition of the fruits and vegetables at the time they were preserved, and although most of the canning factories exercise great care in the selection of fruits and vegetables, women will always have more confidence in their own selection and examination. A similar preference would no doubt be given to home dehydrated food as compared with the factory product if it could be conveniently dried at home in such a way as to preserve the original flavor, and packed in attractive pasteboard containers properly labelled.

There exists at the present time a good deal of prejudice against dehydrated foods owing to the fact that in past methods of dehydration with hot air, or by long exposure to the sun and air, the outer cells of fruits, vegetables, meats and fish were destroyed and many of the essential oils and flavors escaped before the water was expelled from the inner cells. However, it is claimed that by a process which slightly moistens the dry air with steam, wonderful results have been achieved in the preservation of fruits, vegetables and meats and fish.

BARQUENTINE TOLMIE OFF JAPANESE COAST

A special cable from Moji, Japan, says that the barquentine Simon F. Tolmie has been reported off the Japanese coast, bound from Victoria to Kobe. The S. F. Tolmie, Capt. J. C. Stewart, sailed from Esquimalt on December 13. She was built in Victoria.

OREGON MARU IS LOADING TIMBER

Eight Hundred Thousand Feet Going Aboard at This Port

The loading of 800,000 feet of timber aboard the Japanese freighter Oregon Maru was begun to-day at the western berth of Pier L, Ribbet docks. The Oregon Maru reached port last night in ballast and a start was made this morning on the stowing of her timber cargo aboard.

The ship will take out from this port 150,000 feet of Japanese squares and 500,000 feet of cedar logs, the former being supplied by the Cameron Lumber Company and the latter shipment by the Vancouver Island Lumber Company. The logs were rafted here and are being taken aboard from the water. The Oregon Maru will be here for several days and will then shift to Vancouver and Seattle to complete her cargo for the Orient.

She was built by the Kawasaki Dockyard Company and is operated by the Kawasaki Kisen Kaisha, Ltd., of Japan. King Bros. are acting as local representatives. Fifty thousand feet of the Japanese squares being loaded by the Oregon Maru were left over here by the freighter City of Spokane.

RESTORER HAS LEFT HONOLULU

Word has been received in the city that the cableship Restorer, Capt. Basil Combe, sailed from Honolulu to-day on her return trip to Victoria. The ship will touch here on her way back to Puget Sound. The Restorer made prompt repairs to the damaged cable between Midway and Honolulu.

lief.**Motor Act Infractions.**—In the city
police court this morning T. Cook
was assessed \$10 for exceeding 15
miles per hour when driving up Fort
Street Hill. He pleaded that accel-
eration under the circumstances is
necessary and usual. P. P. Walker
paid \$5 for having no tail light on his
car.**Could Not Prove Ownership.**—
Kwong Kai Hing, charged in the city
police court this morning, on remand
with owning opium found in a dog
kennel in a courtyard at the rear of
543 1/2 Cormorant Street was freed of
complicity when the Royal Cana-
dian Mounted Police were unable
to prove connection between the
accused and the drug. Efforts to
prove the accused to have sole ac-
cess to the courtyard were unsuccess-
ful.**To Inspect Parks.**—Mayor Mar-
chant and Alderman John Harvey
will make an exhaustive inspection
of Victoria beaches and parks dur-
ing the next few days. It was an-

successful military five hundred
drive took place at the Lake Hill
School, under the auspices of the
Lake Hill Women's Institute, with
Mr. Sandford as master of cere-
monies. Eleven tables were pre-
sented, and the prizes were captured
by Alex. McCallum, Peddie, Service
and Winter. As often happens, the
booby prizes were won by four of
the first four players. The next
party will take place on Friday week.**Hockey Game.**—The Merchants
Bank hockey team trotted out to the
Arena last night, and defeated the
members of the Royal Bank to the
melody of 6-2. Service scored the
first goal of the evening, taking a
pass from Cowley and netted the
puck. Radford scored the next for
the Royals making it one-all. The
second period was a draw, with pro-
gress of the game. But the opening
of the third period showed a decided
edge for the Merchants resulted in
their defeating their opponents.**Women's Canadian Club.**—At a

bers and friends of the Woman's Mis-
sionary Society of the Metropolitan
Methodist Church held a very suc-
cessful meeting on February 20. The
opening devotional exercises were
conducted by the President, Mrs.
Kinney. After a short business ses-
sion, Mrs. Maynard gave a Bible read-
ing. Solos were given by Miss Rich-
ards and Mrs. Tignor. In Tuesday
evening, Mrs. Sipprell gave a most
interesting talk on the opportunities
and needs of mission fields, after
which the meeting was thrown open
for voluntary gifts, and a large sum
was added to the treasury of the
society.**K. of P. Masquerade.**—Arrange-

PURCHASE OF LANDGordon Head Strawberry
Land Disputed in CourtsAn exceedingly intricate tangle over
a real estate transaction in which
several disputants are involved is
being threshed out in the Supreme
Court before Mr. Justice Murphy. The
case was started yesterday, and is
still proceeding. In an action en-
titled Fish vs. Moorehouse, the plain-
tiff claimed a declaration of owner-
ship of a certain interest in a piece
of land in the Gordon Head district.A second action entitled Pearsons vs.
Moorehouse affected the same land.
Now, however, Fish and Moorehouse
have combined to dispute the claims
of Mrs. Pearsons, who claims that all
the land belongs to her. The several
persons claim to have interests in
the land and the case involves evi-
dence as to various money transac-
tions and agreements. It was set-
tled in 1911 that the land to Mrs.
G. Butterfield under agreement for
sale. The latter then turned it over
to J. J. Harford. The latter then
subdivided the land and agreed to
sell one parcel each to M. B.
Moorehouse, Mrs. G. A. Pearsons, E.
E. Fish and T. F. Oliphant.Default in payment under the But-
terfield-Stannard agreement occurred
and in 1915 foreclosure proceedings
were commenced, when Mrs. Stan-
nard claimed the land back, except the
Oliphant property, which was set-
tled. In February 1916 Mrs. Stannard
sold the property to Mrs. Pearsons.

both items holding a great amount of
interest among the various clubs of
the local organization.Monty Looker, of the Capitals, and
K. Darbyshire, of the Algonquins, are

the billiard tournament directly after
the club meeting Friday, and some
close competition is expected by these
players who have been runners-up

COUNSEL CONTENTS"Shouldn't deserted husbands get some
maintenance these days? Are we not all
on an equality, men and women, to-
day? Judge Lampman asked Mr.
Elliott this morning in the County Court
when hearing an appeal against a magis-
terial order under the Deserted Wives
Maintenance Act.The Court before whom the complain-
ant had appeared ruled that one assault
had been committed.
Mr. Elliott contended that the statute
called for proof of "assaults." The
learned counsel contended that the in-
clusion of "cruelty" in the grounds
specified to "cover almost anything un-
der existing decrees."DR. SEDGWICK WILL

LOWER TAXATIONThrough Hudson's Bay Co.,
United Services Club Con-
tests Assessment BasisIn the County Court this morning
the Hudson's Bay Company appealed to
Judge Lampman against the valua-
tion of \$153,200 set in the Oak Bay
assessment roll as the taxation basis
of 120 acres of the Uplands Farm
leased to the United Services Golf
Club, and now forming the new golf
links.The new assessment now protested
was decided upon by the Oak Bay
Court of Revision on February 14,
and takes the place of a former valua-
tion of \$205,700, the reduction of
\$52,500 made upon this tract having
been added to the valuation of the
remaining 524 acres of the farm, this
not being protested against by the
interests of the Golf Club.On behalf of Oak Bay Municipali-
ty, Alexis Martin advanced the pre-
liminary objection that, as the as-
sessment roll will not be formally
closed until to-morrow evening, the
present action is premature. H. B.
Robertson, K. C., relied upon the
wording of the Municipal Act, which
specifies that appeal shall be against
a decision of the Court of Revision,
not necessarily against any direction
to the Assessor to change the assess-
ment roll figures. He argued that
on February 14 last, the Court of
Revision had arrived at a decision
for later formal action, and in this
view was supported by His Honor.The hearing was then adjourned
until Friday morning next, at 11
o'clock, with leave, if necessary, to
protect all parties, to bring a second
appeal should to-morrow's session of
the Revision Court make that advis-
able. Both appeals will then be heard
together.ESTEEMED PIONEER

of SeventyMrs. Emily Wilson, a pioneer lady
of this city, passed away to-day at
her residence, 1444 Elford Street, at
the age of 70 years.
Mrs. Wilson survived her husband
by eighteen months. She was Emily
Harris, daughter of the late Thomas
Harris, first Mayor of Victoria, and
was married to William Wilson at
the early age of 20 in the year 1872.
Their wedding being the first to take
place at Christ Church Cathedral.Mrs. Wilson, who was a native of
Liverpool, England, was brought by
her parents around Cape Horn in a
sailing ship as a small girl in 1864.
For many years she was associated
with the Reformed Episcopal Church,
being one of the congregation which
left Christ Church when Dean (after-
wards Bishop) Cridge seceded with a
large following.Until her health failed some time
ago she was active in connection with
the Victorian Order of Nurses. She
was a member of the Lady Douglas

Wholesale Market

Revised Feb. 22, 1922.

Although meat prices have gone soaring of late, it is expected that a fluctuation downward might be looked for on the market soon. Grain fed pork advanced a cent to-day, while local veal jumped a point and is demanding 20 cents a pound. Beef remained firm, while the advance in hogs on the wholesale row caused a jump in the retail price of lard, which is now selling at 20 cents. The quotations have been revised as follows:

SECOND DIVIDEND

IN DOMINION TRUST

Liquidator Makes Final Ap- pointment Under Old Company

H. K. Burnett, officer of the Supreme Court of British Columbia, in charge of the liquidation of Dominion Trust Company, Limited, has declared, pursuant to the order of the Hon. Mr. Justice Murphy, made February 18, a second and final dividend of three and three-fifths cents on the dollar, payable March 8, 1922, on claims allowed by the Court at \$485,044.55 in this liquidation. The official announcement will be found in the advertisement columns.

Attention is drawn to the fact that the dividend now declared is in respect of old company, a first dividend of 10 per cent. having been declared by J. C. Gwynn, formerly liquidator, in May, 1921. At the present time it is impossible to say when a second dividend will be declared in the liquidation of the new company. There is still approximately \$5,000 of the first dividend undistributed.

Winnipeg, Feb. 22.—The local wheat market was quiet to-day and prices fluctuated rapidly, being easily influenced by both buying and selling orders. At times the market was quite active, showing a range of values of about 4 1/2 cents. Board interests were reported to be good buyers early in the session, while there was also liberal selling orders. At times taking by those long in wheat. May closed 2 1/2 cents lower. There was a fair demand for cash wheat to-day and premiums were steady. Offerings were very light.

The coarse grain markets were very quiet, prices steady, the range narrow and closing prices showing little change. Inspections totalled 254 cars, of which 161 were wheat.

Two Play-offs Will Close Rugby Season

J. B. A. A. Will Journey to Vancouver to Meet Centrals, While Mainland Intermediates Will Play Here—Best Season in History of Rugby Since Pre-war Days

The final standing of the Senior Rugby League as announced by Secretary Cameron is as follows:

| J. B. A. A. | P | W | L | D | Pts. |
|---------------|---|---|---|---|------|
| Naval College | 8 | 5 | 2 | 1 | 11 |
| Wanderers | 9 | 4 | 3 | 2 | 10 |
| Old Boys | 9 | 4 | 4 | 1 | 9 |
| | 8 | 2 | 6 | 0 | 4 |

One game remained unplayed in the Senior League. The Boys were scheduled to meet the Old Boys on Saturday but owing to the fact that this would not alter the league standing it was cancelled. A defeat would not set the Boys now and they have a full point over the Naval College.

For Saturday the Rugby Union has arranged an exhibition game, which should provide splendid practice for two teams which are to engage in important matches the following week.

The champion Boys are to play the second "rep" team which is labelled as the Victoria intermediate champions. This team include only players who did not figure in any of the McKechie Cup games. The kick-off will be at 3 o'clock and J. C. Acland will referee.

Will Oppose Centrals.

The Boys will journey to Vancouver on Saturday, March 4, to play for the Rounsfell Cup, which designates the club champions of the Province. The Centrals swept through the Vancouver Senior League and will be the opponents of the Boys.

While the Boys are endeavoring to win the Rounsfell Cup the Victoria second "rep" team will meet the Vancouver intermediate champions at Oak Bay Park. This game is attracting much interest and will undoubtedly serve as a big drawing card.

End of Season—A Discovery.

With these games, the Rugby season will draw to a close. It has been the best year the sport has enjoyed throughout the Province since pre-war days. Victoria has been especially favored in the discovery this year of a fourth team which has proved the sensation of the Senior League. The Boys' Naval College came in to balance up the league and owing to the youth and inexperience of the players it was not expected that they would be a serious obstacle for the other teams.

In the first few games the Naval College exhibited a brilliant dash and daring which caused their older, heavier and more experienced opponents to wonder what was in store. The line-ups for the season had the cadets started a drive and won four straight games in a row, defeating the Boys and Wanderers, and trimming the Old Boys twice. The cadets, under their careful coaching, developed into one of the best finishing teams in the City. It should prove a great incentive to the cadets to strive for better success next year. If the team remains intact it is quite certain that it will be a creditable aggregation in 1923 and will provide the local "rep" team with much material for use against Vancouver and Varsity.

The second local "rep" team will be as follows:

Full back, Goodacre (Wanderers); three-quarters, McNeil (Naval College), Whitshire and Walls (Wanderers) and Challoner (Old Boys); five-eighths, Adams (Naval College); half-backs, Beech and Taylor (Naval College); forwards, Kinch, Jekell, McCormick and Loosemore (Naval College), McIlann and Henderson (Old Boys), McCallum (Wanderers); reserves, Clark and Collison (Old Boys).

WITH THE BOWLERS

In a match played last night the Elks defeated the Travelers by 255 pins. R. Henry bowled high score for the Elks, 187, and W. H. Darcy for the Travelers with 181.

Following are the full scores:

| Travelers. | Elks. |
|----------------------|----------|
| R. Henry..... 181 | 148 |
| J. Huxtable..... 149 | 118 |
| J. Denholm..... 87 | 109 |
| W. H. Darcy..... 120 | 181 |
| H. Stuart..... 137 | 140 |
| | 673 |
| | 727 |

G. Bayley..... 163

F. Fugley..... 171

C. Hangle..... 149

R. Genoe..... 142

C. Brooke..... 185

The next match will be between The Colonists and Arcades.

In a C. E. B. League match the E. & N. Engineers defeated the General Office Staff.

A meeting of the captains of the City Bowling League is called for Thursday, February 23, at 8 o'clock, at the Bowling Alley. Business of importance will be discussed.

NEWSIES MUST WIN TO STAY IN RACE

Disputed Game With Weiler's Being Replayed in Commercial League To-night

Win For Newsies Will Cause Tie With Bays; Loss Gives Bays Championship

Commercial League Hockey circles are all agog over tonight's game between the Newsies and Weiler's. According to the regular schedule the league should wind up to-night with an exhibition game between the winners and an all-star aggregation. Owing to a disputed game this has been impossible. To complete a double-header attraction this evening the Commercial League will pit an all-star sextette against the pick of the Garage League.

The Newsies won their game against Weiler's by two goals but the protest entered by the upholders was upheld and the game ordered replayed. Pinchback who was penalized three minutes just before full time when the score was tied, went back on the ice at the start of the overtime before his time had expired.

To Play First.

In the first game of the evening the Newsies and Weiler's will mix, and a fast game is expected as the Newsies only require another win to put them on equal terms with the Hudson Bay. This will necessitate a play-off with the Bays to decide who shall hold the McConnell cup for the year.

Arthur Cox, manager of Weiler's, says his team is determined to defeat the Newsies and thereby secure second place in the league. The Journalists will step on the ice to-night confident of success. They will use the same line-up which has brought them through the league so far. Here is the clan which will be matched against the Weiler squad.

Goal, Geiger, Hutchison and Woodhouse, Mowatt, Pinchback and Goodacre, while Vic Simpson, Rose and Jackson will win the bench and keep the team in fresh condition for the combat.

Weiler's have paged these lads and there is no doubt whatever that they will give the Newsies a hard tussle. Goal, Watson, Defence Straith and Wynn, forwards Moody, Drennan and Ackroyd. On Weiler's bench are the following substitutes, T. Reid and Wright.

Garage—Goal, E. Revercomb; defence, G. E. Batterson and C. Vey; forwards, F. Ackroyd, Vic Simpson and W. Hever; substitutes, T. Revercomb, B. Price and R. Ranger.

AMERICAN ATHLETES HOLD MOST RECORDS

Great Britain Comes Second in Track and Field Events, and Finland Third

New York, Feb. 22.—Athletes of the United States lead the world as holders of track and field records. An analysis of the latest list of world's records, accepted by the International Amateur Athletic Federation shows that out of some ninety odd standard events the best time or distance has been made by American athletes in thirty-eight contests. This number, a trifle more than one-third of the entire list of accepted records is also greater than the combined total of any other two nations.

Great Britain Second.

America's nearest competitor for the honors of leading the world in the matter of record holders is Great Britain, whose athletes have marked up the best time or distance in twenty-eight events. Denmark and Finland are tied for third place with seven records each.

The apportionment of world's records along the seven nations is as follows: United States—13 runs, 5 jumps, 4 weights, 1 discus, 1 javelin, 6 hurdles, 8 relay racing, 10 Great Britain—5 runs, 13 weights, 1 relay, 1 discus, 1 javelin, 5 walks, Sweden—4 runs, France—5 runs, Canada—2 hurdles.

Vancouver Must Win To Give Aries One More Chance in Race

Seattle Facing Millionaires To-night In Game Which May Snuff Out Victoria In Its Effort to Get Into Play-off; Fans Here Are All Hoping That Vancouver Will Come Through; Win On Friday Would Then Bring Aries Into Tie With Mets.

Whatever would we have done these last ten days to hold Victoria up for a place in the play-off without the little word "If," which has assumed the significance of a barrel of gold. The fans have been so anxious to see the Aries battling for the right to represent the Coast against the Prairie and Eastern champions that they have been alluding to Mr. If as though he were a blood cousin.

You'll hear it wherever you go. "If such and such happens to-night our chances will be mighty bright, but if such and such happens we'll be outta luck."

Well once again we've got to bring Mr. If into the play. To-night Vancouver and Seattle are playing on the Mets' ice and on this battle hinges one of Victoria's last chances.

May Kill Mr. If.

If Seattle wins to-night there won't be any use trying to work little Mr. If any more as the Mets will have topped the second position in the play-off. But "If" the Millionaires win then we'll be forced to introduce little Mr. If again next Friday night because "if" the Aries beats Vancouver in the concluding game of the season there will be a tie for second place and the Mets and Aries will have to battle for the honor of opposing Vancouver.

There is no doubt but that the Millionaires will play their heads off in order to come through with a win to-night. The Vancouver players would sooner face the Aries in the play-off than the Mets, because they have unpleasant memories of how Seattle has come through in the pinch in the past and nosed them out of championships when they thought they had the thing clinched. The most noticeable incident of the Vancouver inconsistency in face of defeat was illustrated two years ago when Vancouver beat Seattle 4-2 on the Mets' ice in the first game of the play-off. It seemed certain that the Millionaires would win the championship and arrangements were completed to send the Vancouver team East. In the second game of the play-off Vancouver was beaten on its own ice by 6-0 and Seattle took the Millionaires' tickets and went East.

Walker Still Out. Seattle will be without the services of Jack Walker to-night. But, Rickie will fill in at rover. Rickie will be alright for the fray but he may not be able to stay on for long and provided the going gets too heavy and he receives any nasty wallops on the legs.

The Victoria fans will all be pulling for Vancouver to dump the Mets. It means much for the Aries. This game will face the game here on Friday night one of the toughest and hottest ever played in Victoria and would be bound to pack the Arena.

Seattle, Feb. 22.—The Mets and Millionaires, old rivals on the ice meet in the season's hockey climax to-night. Handicapped by the loss of one of their most brilliant players, the Seattle men play the league leaders in a game which may decide the Mets' fate in the 1922 race. Many times in the past have these contests, and to-night's affair promises to be as interesting as the other title affairs. Victoria still has its fight to make to oust the locals, and if the Cookies can do their Canadian brethren a good turn by sinking the Mets to-night, they will not pass up a chance. Muldoon's men need the game badly, and from Capt. Holmes to waterbury, they are out to grab off the victory at any cost.

No Light Task. Seattle's task is anything but light this evening. In the first place, for relief work, Vancouver has three able-bodied subs ready to jump into the fight. As in many other games this season, it is up to the reserve strength of the Mets. Young Fraser and Archie Briden have acquitted themselves well on former occasions, and their friends are confidently expecting that they will not be found wanting to-night.

The Mets must halt the scoring jamboree of Jack Adams if they hope to save their own skins. The Aries, of the goalies this year, and he will be watching to-night. Monday's fast-forwarding plunked three goals into the Aries' net, and there-gone was the scoring honors for this year. Mickey Mackay and Bernie Morris, rival forwards in to-night's spat, are vying for second place, and save of these sharpshooters will try to get a couple to add to their string.

Careful Hockey.

Muldoon knows the handicaps his men are facing, and has planned his attack accordingly. The Mets will play careful hockey to-night, not taking any foolish chances, but ever alert to grab the aggressive when the opportunity presents itself. Several have often made the mistake of setting too fast a pace in the opening periods. While the boys will not pass up any chances to sink a few in the play-off of the game, they plan to save something in reserve to-night for the last twenty minutes.

Neither manager has announced any changes in the lineups. Seattle will present its usual defence, with

Will Play in the First Derby of the Season

First Derby June 22.

All arrangements made for the first race to be flown from Sisson, California, on Friday, June 30 next. Great interest is taken by many prominent men in the Province who at present are not actively interested in the sport prompted in a large degree by the exploits of the plucky birds in the recent local airplane accident and never-to-be-forgotten feats of the plucky birds during the recent war. The club was fortunate in securing for its honorary President for 1922 Major McLaughlin, Superintendent Jericho Air Road.

Hon. Vice-Presidents, C. M. Rolston, Dr. J. E. Spunkie, Dr. C. Grant, J. Thurston, J. V. Fordon, Seattle, and H. D. Reid, Victoria. President, W. James, Vancouver. Vice-Presidents, W. Simpson, Victoria; T. Naylor, Nanaimo; F. Smith, Vancouver. Executive, D. Douglas, Victoria; T. Wilkinson, Nanaimo; T. Broad, Vancouver; R. Ferguson, Vancouver. Clock Committee for Mainland, Messrs. Ferguson, Webber and Macdonald.

Secretary, C. W. Crane, 4040 Gladstone Street, Vancouver.

Following is a list of specials up date; others will be announced later: Life-sized oil painting of the winning bird, valued \$100, presented by M. H. Fawcett, Victoria. Silver cup, value \$25, for winning bird in Mainland section, donor W. James; silver cup, value \$25, for winning bird in Upper Island section, donor T. Crane; out sweater, value \$10, for second winning bird, Mainland section, donor J. A. Thurston; gold medal for bird nominated by a lady, value \$10, for second winning bird on island, donor H. D. Reid.

The Sporting Editor of The Times is in receipt of the following letter from Dave Douglas and W. Simpson, local members of the Provincial Executive:

"The Provincial Flying Club, recently organized in B. C. along the lines of the National Flying Homer Club in England, is creating great enthusiasm all over the Coast and also the Prairie cities. We had a letter from a pigeon fancier in San Francisco a few days ago, complimenting the B. C. fanciers on their enterprise. As most of the specials donated for the race are given by local members of the sporting gentlemen, also one from Seattle, we the Victoria Executive, hope some of the Victoria sportsmen will contribute a few specials just to keep Victoria in line with other cities. I might say Victoria pigeon fanciers are sending about 24 to 30 birds, all flown 500 up to 575 miles in previous years, and we hope to uphold the honor of Victoria in this great pigeon Derby of the Pacific Coast."

Pigeon Racing to Flourish This Year; Feature Race Will Be Nearly 500 Miles

Vancouver, Feb. 22.—The Provincial Flying (Pigeon) Club of B. C., has been organized by the most prominent racing pigeon men of British Columbia, with the object of flying a race from California every year. The distance airline must be at least 500 miles to the nest, and to the race point. The first meeting of the Club was held at Hastings Park and was a huge success, fan-ciers being present from many parts of the Island and Mainland, as well as Seattle. A more enthusiastic meeting would be impossible, every one present being imbued with the real spirit that augurs well to place the sport on an equal footing with other parts of the world.

Monarchs, One of Flashiest Teams on Mainland, Will Play at Arena on Monday Night—Stockers Will Also Play Towers in Final Game For Junior Title

Followers of amateur hockey will be glad to learn that the officials of the Victoria Amateur Ice Hockey Association have arranged for another Vancouver team to play a game in this city. The Monarchs, one of the flashiest teams in the Vancouver senior league, is to appear on Monday night.

Secretary Stevens, of the local league, announced this morning that the Monarchs are willing to come over for a game. The Vancouver team was just nosed out of the Mainland championship by the Towers and have many followers who believe that they are the best sextette in the West.

Sparkling Individuals.

The Monarchs are more of an individual team, having some of the finest amateur stars in the province. George Box, who formerly played with the Victoria professional hockey team, is one of the Monarchs' defence men and has made a big name for himself in Mainland Hockey circles.

The Monarchs will have as their opponents the Senators, who were unsuccessful in their quest of the Savage Cup, emblematic of the B. C. championship. The Senators and Monarchs play much the same game and there should be some very brilliant individual work.

The Senators will have the same team which played for the championship with the exception of Roy Copas, whose knee has gone back on him. One of the other star defence men will take his place. Ed Allen, of the Garrison, seems to be the probable appointee for the position.

The amateur season is drawing to an early close this year and the officials are anxious to provide the fans with as many important games as possible. The final game of the championship attracted the best houses of the year and it is expected that there will be a large attendance when the teams face-off on Monday night.

Junior to Play.

The Monday night attractions will have an added interest through the fact that the final game for the junior championship of British Columbia will be played. Towers, the Vancouver champions, won the first game in the play-off by 1-0 and the Stockers, the local king-pins are expected to overcome this advantage before their own supporters and bring one championship to the capital city. This should prove one of the most attractive double-headers that has been played in the city all season.

AXIOMS SHOW FORM AGAINST WIDEAWAKES

Girls' Basketball Team Retains Second Place; Bays Also Winners

"Axioms" junior girls are still holding second place in the Junior Girls' S. S. Basketball League as a result of their win over the Wideawakes last night, at the First Presbyterian gymnasium, by 17 to 6. Both teams showed great promise of becoming expert basketballers in the near future. Kathleen Forbes was the star of the winning team, scoring twelve points. Peggy Watson and Rena Watson also doing some fine shooting. Queenie Wilson and May Martin each scored three points for the Wideawakes.

Bill Erickson refereed and the teams were: Axioms—Kathleen Forbes, Peggy Watson, Rena Watson, Jennie Wilson, Bessie Chafe.

Wideawakes—Queenie Wilson, Eleanor Dinsdale, May Martin, Helen Smallwood, Fay Foster.

James Bays Win.

James Bays and St. Andrews intermediates met in the most exciting game of the evening, the former winning. St. Andrews led all through the first period but Bays came out in the second period and scored ten points, while St. Andrews could only get six in basket balling. Bays and Stevens scored six points each for the Bays, while Doug Robertson netted five points for St. Andrews.

Colin MacPadyen refereed. The teams: St. Andrews—Robertson, McLean, Pillar, Horne.

Bays—Hartley, Lupton, Robinson, Moffat, Kenyon, Stevens.

K. O. C. boys had no trouble in winning from the Reformed Episcopal at the Congregational gymnasium, the score being 54-4. Geiger and Macedo scored very rapidly. The line-up: K. O. C.—Basso, O'Neill, Geiger, Delahunty, De Macedo.

Reformed Episcopal—Fraser, Turner, McConnell, Legg.

Mets Are Seaten.

Adanacs won an exciting game from the Mets, both teams playing a fast game. Patterson and Turner

scored four points each for the winners.

Hunter-McCloy refereed. The line-up: Adanacs—Patterson, Sheratt, Smith, Turner, Dick.

Metropolitans—Barlow, McComb, Penderay, Fisher, Whiteley.

CLEAR DECKS FOR

FINALS IN O.H.A.

Aura Lee and Granites Expected to Be in Play-off, Which Starts Feb. 28

Toronto, Feb. 22.—Decks will be cleared next week for the Ontario Hockey Association senior finals, which will be played on Tuesday, February 28, and Friday, March 3, provided a tie for second place is not created in the meantime. But while such a thing is possible, it is not probable, and Aura Lee and Granites will likely be the finalists.

The Northern Ontario Hockey Association champions, Canadian Soo, Sudbury, or Iroquois Falls, will be down to play in the Allan Cup elimination series at the Arena on the following dates: 1. Monday, March 6—N. O. H. A. champions vs. O. H. A. intermediate champions.

2. Wednesday, March 8—Winner of game No. 1 vs. Senior O. H. A. champions.

3. Friday, March 10—Senior O. H. A. champions vs. Winner of game No. 1.

4. Monday, March 13—Quebec champions vs. Winner of game No. 3.

ROYAL VICTORIA

The unique spectacle of a just-wed wife busily engaged in vamping her own husband can be enjoyed when the new Goldwyn picture, "All Fair in Love," which will be shown again to-day at the Royal Victoria Theatre. Natalie Marshall is a spoiled child who wins her husband in spite of the designing methods of an alluring adventuress. When she believes him faithless, she refuses to recognize the marriage pact, but finally love triumphs over suspicion, and she attempts to win him back. What happens then forms a farce that is highly hilarious and unusually original in every situation. May Collins, Richard Dix, Stuart Holmes and Raymond Hatton are featured in a notable cast of players.

On the same programme is also shown Mack Sennett's new comedy "Married Life." It is full of laughs and thrills. For instance you can get a laugh and a thrill at the same time watching the aeroplane struggle four thousand feet above the ground in the sure fire five-reel comedy. It is what might be termed a comedy programme.

see the light of righteousness and clean living. In "Back Pay" she has once more a role in which she is first seen as an unsophisticated country girl who is later plunged into the vortex of New York's wildest life.

As Hester Bevis, Miss Owen undergoes a moral breaking down, but shining through the mask of her gaiety is a faint longing for the upright simple life she had led in her small town home.

Playing opposite Miss Owen is Matt Moore, well remembered for his parts in "Straight is the Way" and "The Passionate Pilgrim." Mr. Moore, in the character of Jerry Newcombe, is the plain, straightforward country boy who loves Hester in spite of her rejection of him, in spite of her leaving the town where they live and in spite of the life she subsequently leads. It is Jerry's undying love for Hester, that is the keynote of the dramatic story of "Back Pay."

CAPITOL

Will Rogers, one of the most prominent actors of the silver screen, has the role of Professor Ezra Botts, the leading part in the new Paramount picture "One Glorious Day," which will be shown at the Capitol Theatre this week.

The story, which is by Walter Woods and A. B. Earinger, is one of the most unique ever written, while the role of Professor Botts is one of the greatest novelties ever screened. Lila Lee plays opposite Mr. Rogers in the leading feminine role of Molly McIntyre. John Fox plays the mysterious character "Ek," which, it is said, will be the nature of a complete surprise for screen patrons. "One Glorious Day" is genuine comedy. Alan Hale plays the villain lover of the girl and other characters of importance are portrayed by Emily Rait, George Nichols and Clarence Burton.

H. C. Helgesen Is Again Selected President

(By Times Correspondent.)

Metchosin, Feb. 21.—The annual meeting of the Metchosin and District Branch of the Esquimalt Liberal Association was held at Metchosin Hall on Monday. A considerable amount of business was discussed and officers elected for the ensuing year are: H. C. Helgesen, president; A. Wale, vice-president; H. R. Brown, hon. secretary-treasurer; executive committee, T. F. Helgesen and W. Witty; Happy Valley, H. R. Brown and C. E. Field; Lutton, A. Rhode and Mr. Pearson; Langford, G. D. Sloan and Mr. Thom; Rocky Point, G. Ball and Herbert Parker; Albert Head, W. L. Griffiths; Colwood, A. Wale.

The chairman laid particular stress upon the importance of sending delegates to the "Better Roads" deputations, which will wait upon the Government in the near future, pointing out the fact that this organization had presented a resolution to the then Hon. Minister of Public Works along much the same lines as the one proposed by the Metchosin Farmers' Institute, some twelve months ago, which was endorsed by the Sooke Liberal Association. Delegates appointed are H. C. Helgesen and G. Ball.

Metchosin, Feb. 21.—A committee meeting of the Esquimalt, Rural Branch of the Victorian Order Nurses in Canada was held in the Institute Room at Colwood Hall on Monday. Chairman G. D. Sloan called the meeting to order and the secretary called the roll.

The following members answered to the roll call: R. L. Van der Byl, Mrs. H. R. Brown, Capt. and Mrs. T. Barclay; Metchosin: Mrs. W. Winter, Happy Valley: Mr. and Mrs. Marshall, Mr. and Mrs. Burton, Lutton: Mrs. H. Parker, Mr. W. Rockford, Rev. and Mrs. H. Pearson, Colwood: Dr. and Mrs. Donald, J. Stuart Yates, Mr. Hincks, G. D. Sloan, Langford: Mrs. D. MacKenzie, East Sooke: Mrs. H. Hankin, Chairman, Happy Valley School Board.

Dr. Donald, Medical Health Officer for Langford District, spoke of the need for a V.O.N. in the districts concerned and also drew attention to the fact that the visiting nurse also acted for the Government in the capacity of School Nurse. Mrs. Donald suggested that the two branches be separated and that her services as a V.O.N. be paid for by private contributions and subscriptions and that the Government be asked to pay her salary as School Nurse.

Mr. Sloan informed the members that half the nurse's salary was already paid by the Government and the districts concerned by the Association must raise the necessary money to pay the other half and to buy drugs, etc., and keep up the running expenses of the car, which are, owing to bad roads and a very scattered district, of necessity, very heavy.

Campaign of Education. With regard to the raising of the necessary funds for carrying on the work and keeping the nurse in the district, a resolution was moved by J. Stuart Yates and seconded by R. L. Van der Byl, "That a campaign be started forthwith for the purpose of educating the ratepayers in the various school districts, as to the advisability of having a sum sufficient to pay for a school nurse collected by a tax imposed by the Government and that a vote on the subject be taken on the same day as the election for School Trustees."

The resolution carried unanimously. Messrs Yates and Sloan and the Secretary of the Association were appointed a committee to collect data on the subject and to arrange for speakers and to conduct, generally, the campaign meeting in each district. It was pointed out that funds were necessary to meet immediate expenses and to carry on the work for the next few months and a committee was thereupon elected comprising one member from each district, with power to add to their numbers, and to invite whomsoever they chose to work with them in their own particular district. The committee, to be

Funds Raised For Duncan Lawn Tennis Club

(By Times Correspondent.)

Duncan.—The Duncan Opera House was well filled with an interested audience for the two "bits" of the season. "Stolen Kisses" or "Had" was a domestic drama of one act in which the part of General Maxwell was taken by J. C. E. Henslowe, who also produced the play. Mrs. Maxwell was gracefully portrayed by Mrs. H. C. Martin. Miss Noreen Smyly was an attractive maid, Detective, impersonated by L. A. S. Cole, and the butler by E. F. L. Henslowe, completed the cast. The play was amusing, and the only fault found was that it was so short.

This was followed by a most original pantomime, produced by Miss Bobbie Stephens, with H. J. Ruscombe-Poole as narrator. His announcement was that it was a harrowing and heart-rending drama of the desert in black and white. The part of the maiden was charmingly taken by Miss Rachel Wilson, who arrived on the scene on the back of a camel, most originally and naturally represented by L. A. S. Cole. The lover, L. W. Huntington, helped her to dismount. The vampire, Mrs. Cowley, with her vampish dancing, lured them away. After she gave the lover a drink that rendered him unconscious, the villain, E. F. L. Henslowe, carried off the maiden. The camel saved the situation several times, even after the lover had seemingly killed him to get water for the maiden, who was dying of thirst. The vampire was able to wile away the affections of the camel and led him about the desert, while the lover and the maiden went to the priest's house to the music of the wedding march.

Mrs. Martin's orchestra accompanied and also played for the dance that followed. Mr. Pool's narrative, enlivened by little asides of his own, was most effective.

After the performance three cheers were given for Miss Stephens, who had produced this original clever and delightful little pantomime from nothing but a short magazine description. The proceeds go to the Duncan Lawn Tennis Club, which, like the golf and cricket clubs, is buying its own grounds.

Wild Flowers.

The first wild lilies have been found at "The Cliffs," Duncan. Chamaejas beat Duncan in having the erythronium out a week earlier. There has been for years a rivalry between the bank jutting out into the sea at Chamaejas, Green Point, Cowichan Bay and "The Cliffs," Duncan, as to which place will produce the earliest blossoms.

W. Waldon, P. J. Bishop and Capt. S. Mathews have gone to Chilliwack to attend the stock breeders' meeting.

Miss McLagan, who visited Victoria for some days, has returned to Duncan.

Sayward Notes.

(By Times Correspondent.)

Sayward, Feb. 18.—Reverend Mr. Brown, of the Presbyterian Church, held services here on Sunday evening. There was a very good attendance. Mr. Brown stated during an interview, that he was going to press upon his church the needs of building a church here.

The residents were very sorry to learn of the death of W. W. Waugh, who died in Vancouver after being removed from the hospital at Rocky Bay. The late Mr. Waugh was one of Sayward's pioneers, being one of the first men to settle here. He was very industrious and cleared up many acres of land in Sayward.

The Dominion District Engineer paid a flying visit here this week to inspect the repairs which have been done to the wharf. The work was done by the firm of McDonald & Watson, of Victoria. The residents are protesting against the waste of money spent on repairing this wharf. It is only a short time since \$1,500 was spent. Sayward needs a new wharf and was promised one two years ago. The matter has been brought to the attention of the new member, Mr. Neill, M.P.

The weather during the past two weeks has been cold with considerable snow, but a warm spell has at last arrived and the snow is fast going.

The Sayward Progressive Association held its regular monthly meeting recently. There was a good attendance of members present and much Progressive business was transacted and much correspondence was read including letters from the Hon. E. D. Barrow, A. W. Smith, M.P., the Victoria Island Development Association. The association's publicity campaign is bearing fruit and many inquiries are being received for information regarding the district.

A pleasant social evening and dance was held at the home of Mr. and Mrs. O. Skogan, to celebrate the inauguration of the Women's Institute. There was a good crowd attracted to the school house. Refreshments were served by the ladies and all who were present were well repaid for doing so, as a jolly evening was spent, which was enjoyed by all.

A New Coupon Book Saves Money-Time-Trouble

HERE is something new in a Coupon Book for motorists—handy, economical, convenient.

The Union Oil Company Coupon Book is good wherever Union Oil Products are sold—dealers—Service Stations—anywhere, in any territory.

It saves one cent a gallon on gasoline. In addition the same book is good for engine distillate, lubricating oils and greases.

Union Oil Company Coupon Books are composed of coupons in denominations of 1c, 5c, 10c, 25c, 50c. They represent actual money. There is no speculation in the rise or fall of prices. You can buy these books in amounts of \$10 or \$20. They are for sale by all Union Oil Service Stations.

Union Oil Company Coupon Books call for the very finest products available for your car—Canadian refined Union gasoline and Aristo motor oil as well as distillate and greases. But no matter whether you have a Coupon Book or not, remember that Union Oil Service Stations are the "Spotless Stations of Smiling Service." Here your needs will be attended to quickly, cheerfully and thoroughly.

Better get a Union Oil Coupon Book, though. Then wherever you are you will be prepared. And there is always a Union Oil Service Station or dealer nearby. And one cent on a gallon of gasoline saves considerable in a year.

TWO UP-ISLAND RESIDENTS DIED

Nanaimo, Feb. 22.—(By Times Correspondent.)—The death occurred in the local hospital after only a short illness of Jane Pickup, wife of Thomas Pickup, a well-known resident of Northfield. She was at Nanaimo, B.C., on her way to the Victoria Island Development Association. The association's publicity campaign is bearing fruit and many inquiries are being received for information regarding the district.

A pleasant social evening and dance was held at the home of Mr. and Mrs. O. Skogan, to celebrate the inauguration of the Women's Institute. There was a good crowd attracted to the school house. Refreshments were served by the ladies and all who were present were well repaid for doing so, as a jolly evening was spent, which was enjoyed by all.

Shawnigan Notes.

(By Times Correspondent.)

Shawnigan Lake, Feb. 19.—The mid-monthly meeting of the Shawnigan Women's Institute was held on Thursday. This mid-monthly meeting will be devoted to purely local and home matters in future. The subject of dress-making was dealt with at the meeting. Demonstration was given by Mrs. J. Addison, Mrs. R. Cummins and Mrs. A. Waterman, and proved very helpful. There was a large attendance and matters relative to the health of the school children were dealt with. It was decided that the recommendation of the Health Centre nurse should be followed up, and steps were taken towards that end. Miss Annie Clark was the delegate appointed to attend the public meeting of the Health Centre held at Duncan.

Mr. and Mrs. G. T. Worledge have returned to their home at the Lake. Mr. Worledge underwent a severe operation at the Jubilee Hospital, resulting from wounds received during the war. He is making fair progress. Mr. and Mrs. Worledge are receiving congratulations on the arrival of a little daughter born January 12 at the Jubilee Hospital.

The Shawnigan Branch of the Duncan Board of Trade held its monthly meeting on Wednesday. Road Connection with the outside world was dealt with, and a very strong recommendation will be made to the Department of Public Works to have the road that

The resignation of Miss J. P. Dyke, teacher of the Sylvania School will cause regrets from her many friends. Miss Dyke has received the appointment to the school at Crofton, an advancement she deserves. Under her management the Sylvania School has risen from an assisted school to the regular number of pupils for a two-roomed school. Miss Dyke's musical talent has given pleasure to the whole district.

REVISION OF BOOKS ON HISTORY URGED

Harry Charlesworth Speaks to
British-America League

"If we could get all the teachers throughout the British Empire and the United States to agree upon teaching certain things stressing peace, for instance, rather than war, we could accomplish more in the direction of universal peace than the League of Nations is ever likely to do," asserted Harry Charlesworth, of this city, President of the Canadian Teachers' Federation and Secretary of the British Columbia Teachers' organization, speaking Monday night at the Board of Trade Rooms, Vancouver.

The occasion was the election of the officers of Post No. 2, British America League, at Vancouver. History Taught Wrongly.

In the opinion of Mr. Charlesworth history has been taught in British schools and the schools of the United States wrongly. Continual emphasis has been laid on wars. He instanced the war between Canada and the United States in 1812 and pointed out that anyone who took the trouble to read the history books on both sides the line in this relation would come to the conclusion that the accounts related to different wars. He yielded to no one in patriotism, but he thought they could keep most of the war accounts out of histories or, re-

NEARLY LOST HER
LIFE NURSING
DYING MOTHER

"For six months I had to devote all my spare time to nursing my mother who was slowly dying of an incurable disease. Not being well-off we couldn't afford the services of a nurse, so I had to be with her day and night. She was a large woman and it took all my strength to lift her. Realizing that she had not long to live, she naturally wanted me with her all the time and any spare time which I could snatch from my housework I gave to her. Four months ago she died and an hour after the funeral I went into a dead faint. The loss of sleep, the worry and the extra day and night work had finally been more than I could stand. They put me to bed. I contracted a high fever and was delirious for some days. For a while our doctor gave up all hopes of saving my life. However, I did succeed in pulling through, but the strain and the illness had shattered my nerves. Worry and trouble had left me a physical wreck. I was so weak I couldn't lift my hands to my mouth. For two weeks I had to be fed. I gradually got a little stronger but not strong enough to get out of bed. I was determined that I would not give up. Finally one day a friend suggested trying Carnol. I was so anxious to get strong that I was willing to try anything. I never would have believed that any preparation would have made such a change in so short a time as Carnol did with me. To-day, thanks to Carnol, I feel fine—in fact I never felt better."

Mrs. S. of Hamilton.

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 9-122

WHITE MEN NEED NOT STEP DOWN

Amalgamated Veterans Not
Afraid of Oriental
Competition

White men, and returned soldiers particularly, as they were the ones under discussion, will not admit that they cannot compete with the Chinaman in the vegetable growing business and instances can be shown right here in Victoria where two returned men have used their home plots to very good advantage and their own profit, Comrade Leighton of the Amalgamated Veterans' Association declared at a crowded meeting of the Association last night.

When the question of unemployment was under review the recommendation for cultivation of vacant lots was brought in and some of the members declared that it was impossible to compete with the Oriental, whose plane of living was altogether a menace to the white man's success.

Several speakers, however, emphatically declared that the only way to put the Oriental out of this business and to bring about a condition where white people could buy from their own class was for every white man who had the time to put in a crop of something. Instances were quoted where men who had grown their own vegetables had sold the surplus to their grocer, and got goods in return.

Outlines Scheme.
W. F. Godwin had made the following suggestions:
(1) That all vacant lands under the control of the city authorities, be put to some legitimate use by the owners (these being the aforesaid authorities) who will put such land to cultivation on the allotment system for the provision of a livelihood for the unemployed.

(2) That the annual appropriations of the Federal, Provincial and Municipal Authorities, for the purpose of relief, be devoted as under:
(a) The city to supervise the preparation of the ground and to supply all necessary seed.

(b) This ground to be allotted to the unemployed under expert supervision, who will advise these men to obtain the best results, such men to be obligated to cultivate the soil to the best advantage.
(c) The first essentials to be guarded as to subsistence for these men and their families will provide that the food grown shall, in the first place, be devoted to the needs of the community.

(d) That adequate storing facilities will be established for creating markets for the sale of the surplus product.
(e) That the Board will also act as a distributing Board to ensure that from the proceeds of these sales, groceries and other necessities will be supplied.

(f) That the period of probation for a learner of soil cultivation, land tillage, manuring and crop rotation expired, the prospective farmer will (if having satisfied the authorities) be eligible to assume a small holding which will be worked and become his own property by an easy payment system and the fruits of the soil enable such person to prove his right to become a valuable member of the community, a self-supporting and self-respecting citizen.

It was decided to appoint a committee to go into the whole matter and to act in co-operation with other organizations interested in the matter of alleviating unemployment in the city. Those selected to act on this committee were Comrades Leighton, Goodwin and Slavin.

ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because its sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream. (Adv't.)

ASK REDUCTION OF SCHOOL DISTRICT

The social district of the two municipalities of Duncan and North Cowichan is too large and should be redefined, Hon. J. D. MacLean, Minister of Education, said yesterday by a deputation consisting of Kenneth Duncan, M. P. for Cowichan, William L. Dwyer, chairman of the Consolidated School Board of the district, and Trustee O. T. Smith. The changes asked for will require new legislation, Dr. MacLean told the deputation, but he promised full consideration of the deputation's contentions.

NEW MANAGER HERE

H. W. Armitage, formerly manager for the "Dunlop Tire and Rubber Goods Company at Saskatoon, arrived in the city yesterday afternoon to take over the management of the local office of the big Canadian concern.

When Mr. Armitage left Saskatoon the temperature was 52 degrees below zero. "I like your climate here," he remarked jocularly to The Times on arrival. He was accompanied by J. Scott, of Vancouver, district manager for the company, who is well-known in Victoria.

H. H. Lewis, former manager here has been given a large prairie field. He left recently to take over his new charge, and his many friends here expressed their regret that he was leaving the capital, where he had become very popular.

SO WEAK COULD HARDLY DO ANYTHING

Now Looks After Home,
Thanks to Lydia E. Pink-
ham's Vegetable
Compound

Meaford, Ontario.—"I was so weak I could hardly do anything and my back seemed the worst. I read so much about Lydia E. Pinkham's Compound for women that I thought I would try it. I feel that it did help me for I am looking after my own home now and am quite strong again. I have recommended your Vegetable Compound to quite a few friends and you can use my name if you wish to do so."—Mrs. H. PORTER, Box 440, Meaford, Ont.

In your own neighborhood there are doubtless women who know of the value of Lydia E. Pinkham's Vegetable Compound. Women everywhere, either by word of mouth or by letter, recommend this splendid medicine for female weakness, change of life, and similar troubles.

Resolved that this meeting views with favor the proposal to join the Canadian Legion and instruct the executive to obtain all possible information as to the present position of the Legion and as to what steps must be taken to constitute this body a branch of the Legion with a view to immediate action.

FEEL DOMINION ALLIANCE POSSIBLE

Amalgamated Veterans May
Join Canadian Legion

Linking up of the Amalgamated Veterans' Association of Victoria with the Canadian Legion will depend on the result of inquiry into the matter by the association's executive committee.

"Resolved that this meeting views with favor the proposal to join the Canadian Legion and instruct the executive to obtain all possible information as to the present position of the Legion and as to what steps must be taken to constitute this body a branch of the Legion with a view to immediate action."

The motion was moved by Comrade Leighton and seconded by Comrade Rawling.

Unemployment.
There was considerable discussion regarding the question of unemployment, and it was decided to appoint a special committee to act as a clearing house for any schemes that might be submitted for the alleviation of unemployment. Comrades Leighton, Bowden and Campbell were elected to act.

On behalf of the Unemployment Committee Comrade Kidner submitted a report showing that since December 26, 1921, the association had secured employment for 324 ex-service men.

The report shows that the Government was approached by a delegation, which was received sympathetically, to urge work on the Malahat. The city has been approached to improve Fowl Bay Beach to make it a popular resort and various other suggestions have been put forward which it is hoped when put in operation will result in a good number of men securing employment.

The scheme for utilizing vacant lots was taken up and the report of this appears in another column of to-day's issue of The Times.

The Association is looking forward to the completion of its new headquarters on Douglas Street in the Burns Block, in connection with which it is planned to hold a housewarming on March 4. The following veterans have been awarded the contracts for work on the new home: Electrical work, Veterans' Electric Company; plumbing, W. Marsh; painting, J. Hughes; and painting, Veterans' Painting Company.

The Association membership is now nearly 800 and applications are coming in steadily. It was announced that there were now fewer members in the hospitals but for those who were invalided an appeal for magazines was made.

A hearty vote of thanks to the local press in appreciation of the splendid reports and the publicity given the ex-service movements was passed.

It was stated that Ottawa had definitely set at rest the rumor that it was the Government's intention to put a patrol boat in service on this coast to combat drug and liquor smuggling.

PLANS FOR IMPROVING HIGH SCHOOL GROUNDS PROPOSED BY TRUSTEES

The City School Board, at a special meeting yesterday, agreed with Mayor Marchant that the high school grounds should, in the Mayor's own words, be made a "thing of beauty and joy forever," but the Trustees did not think that throwing garbage around the school property, under the Marchant scheme, would bring this result much nearer. Instead, they agreed upon an improvement plan which would eliminate the dumping of garbage altogether and under which the present earth would be graded down, trees planted and a new path laid out. The plans, which are along the lines drawn up by Earl Clark, art instructor at the High School, will be laid before the City Engineer immediately.

GIVES ILLUMINATING ADDRESS ON NORTH

Hon. T. D. Pattullo Describes
Resources and Opportuni-
ties of Northern B. C.

Speaking to a large gathering of young men who had been in the city for the winter, the Hon. T. D. Pattullo, Minister of Lands, outlined in the Coast of Victoria the "Possibilities of Northern British Columbia." He dealt with the limitless resources, and the many opportunities which the Northern country held for the young man. He gave a vivid illustration of the district and all it held for the prospector.

HEARTBURN A SEVERE CASE

Many people are troubled with heartburn who really do not realize just what it is.

In cases of this trouble there is a gnawing and burning pain in the stomach attended by disturbed appetite. It is generally caused by great acidity of the stomach, and whenever too much food is taken, it is liable to ferment, and becomes extremely sour. There are heartburns in such cases vomiting often occurs, and what is thrown up is sour and sometimes bitter.

The one way to get rid of heartburn is to keep your liver active by using MILBURN'S LAXA-LIVER PILLS.

Other liver troubles such as constipation, jaundice, water, brash, floating specks before the eyes, coated tongue, foul breath, etc.

Miss Agnes Cutting, Shallow Lake, Ont., writes:—"I have had heartburn for a long time. There were gnawing and burning pains in my stomach, and then when I vomited there was a sour and bitter taste. I used two boxes of Milburn's Laxa-Liver Pills, and they have cleared me of my heartburn. I don't think they can be beaten by any other medicine."

TO MAKE UP FOR IT

Great Grandmother—Girls don't marry as young as they did when I was a girl.

Great Grandfather—I know, Granny, darling. But they do marry oftener.

Harold B. McDonald, president of the Acmy Club, presided and introduced the Minister to the young men of the club. The usual weekly supper preceded the address.
